MAWC’S RESPONSE TO ORDER DIRECTING FILING

Comes now Missouri-American Water Company (MAWC or Company), and, in response to the Order Directing Missouri-American To File Information Required By Statute and Regulation, states as follows to the Missouri Public Service Commission (Commission):

1. On July 20, 2016, the Commission issued its Order Directing Missouri-American To File Information Required By Statute and Regulation. Therein, the Commission directed MAWC to file the information required by Section 393.275.1, RSMo, and Commission Rule 4 CSR 240-10.060, no later than July 26, 2016

2. The requested information concerns those cities and counties within MAWC’s certificated territory that apply a business license tax on MAWC’s gross receipts. A list of those entities was initially provided with MAWC’s minimum filing requirements. (MAWC Exh. No. 35, Tinsley Direct, Sched. JMT-1)

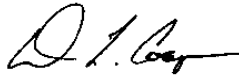

3. MAWC’s tariff sheets providing for a general rate increase for water service became effective on July 20, 2016, and its tariff sheets providing for a general rate increase for sewer service became effective on July 22, 2016. Neither were suspended.

4. In light of those tariff sheets, MAWC believes that the resulting base rates will result in an increase in base rate revenues in excess of seven percent (7%) in the communities listed on the attached **Appendix A**. Please note that as to those identified communities within St.

Louis County, the net revenue increase will be less than seven percent, after taking into account the return of the Infrastructure System Replacement Surcharge rate to zero.

WHEREFORE, MAWC respectfully requests that the Commission consider this pleading to satisfy its Order Directing Missouri-American To File Information Required By Statute and Regulation.

Respectfully submitted,
