THE STAFF OF THE MISSOURI
PUBLIC SERVICE COMMISSION

Complainant,

v.

OSAGE WATER COMPANY,

Respondent.

Case no.: WC-2003-0134

Missouri Public
Service Commission

JOINDER IN COMPLAINT AND MOTION TO INTERVENE

COMES NOW, the Hancock Construction, and hereby joins the Staff of the Missouri Public Service Commission in its complaint filed against Osage Water Company, and in the request for expedited treatment. Hancock Construction has been involved in the investigation of the facts which form the basis of this complaint and joins in all allegations contained in the Staff's complaint, and joins in the request for an Order granting the General Counsel the authority to seek receivership of this Company for the reasons set forth in the Staff's complaint.

Hancock Construction also joins in the request for expedited treatment and informs the Commission that undersigned counsel is available for a hearing on the following dates in October: October 25, 29 and 31.

Hancock Construction is very concerned about whether OWC customers will continue to receive water and sewer service based upon the recent actions of the principals of Osage Water Company, Pat Mitchell, Greg Williams and Debra Williams. Hancock Construction believes the recent actions of the principals of Osage Water Company, Pat Mitchell, Greg Williams and Debra Williams are degrading its assets and will cause irreversible financial harm to Hancock Construction's September 4, 2002 \$215,000 Circuit Court judgement and Hancock Construction's

shares of preferred stock.

WHEREFORE, Hancock Construction respectfully requests that this Commission grant the request for intervention, expedited treatment and set this matter for evidentiary hearing, to be conducted in the manner suggested in the Staff's Complaint at paragraph 49. Further, Hancock Construction respectfully requests that, following hearing, the Commission direct its General Counsel to seek the appointment of a receiver for this Company in Circuit Court.

Respectfully submitted,

LORAINE & ASSOCIATES
