

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of the Application of the )  
City of Columbia, Missouri, and Consolidated )  
Public Water Supply District No. 1 of Boone ) Case No. WO-99-129  
County, Missouri, for Approval of a Territorial )  
Agreement Concerning Territory Encompassing )  
Part of Boone County, Missouri. )

**CORRECTION NOTICE**

Page 2 of the territorial agreement attached to the report and order issued by the Commission on January 26, 1999, was inadvertently omitted due to a collating error.

It is attached hereto.

**BY THE COMMISSION**

**Dale Hardy Roberts  
Secretary/Chief Regulatory Law Judge**

( S E A L )

Dated at Jefferson City, Missouri,  
on this 27th day of January, 1999.

Hopkins, Senior Regulatory Law Judge

Paragraph 1, in accordance with its Rules and Regulations.

4. Except as provided in paragraph 6 and 7, or as otherwise agreed to by the parties in writing, the DISTRICT shall continue to provide water service to those customers it has as of the date of this agreement outside its water service area but shall not provide water service to any new customers within the water service area of the CITY.

5. Except as provided in paragraph 6, 7 and 8, or as otherwise agreed to by the parties in writing, the CITY shall continue to provide water service to those customers it has as of the date of this agreement outside its water service area but shall not provide water service to any new customers within the water service area of the DISTRICT.

6. The City shall assume ownership and responsibility for all DISTRICT facilities and approximately 45 customers currently served by the DISTRICT located in Northland Acres Subdivision, Haden Park Subdivision and along Northland Drive, Blue Ridge Road and US Hwy 763 as soon as this agreement is approved by the Missouri Public Service Commission.

7. The City shall take over water service to those water meter connections inside the City water service area currently served by the DISTRICT as described in Exhibit 6 when both the City has water available and the DISTRICT has gained additional water meter connections after the date of this agreement equal to twice the number of water meter connections that will be turned over to the City but excluding any additional water meter connections acquired by the DISTRICT from consolidation of another district or from boundary changes of the DISTRICT. Water meter connections will begin receiving service from the City in accordance with the priority shown on Exhibit 6 and the water meter connections shown by subdivision number shall be transferred in one block. The City will reimburse the DISTRICT for the depreciated cost of the water mains and appurtenances in any given area to be served by the CITY if the DISTRICT facilities in that area are capable of providing CITY level fire flows as defined in paragraph 10 below. The District will, in any event, retain ownership, control, maintenance and operation of all wells, towers, fixtures and large primary water mains used by the District to serve water meter connections in its service area and those water meter connections it retains within the CITY service area and to retain the integrity of its system. The DISTRICT shall provide to the CITY a report annually on the anniversary of this agreement detailing the current number of water meter connections served by the DISTRICT. This report shall be mailed to the Chief Engineer, Columbia Water & Light Department. The City and the District shall meet and confer annually to determine what water meter connections, if any, are to be transferred and to coordinate any such transfer.

8. The City shall provide water service to all customers at the Columbia Regional Airport as described in Exhibit "4" and "5", but shall not provide water service to any customers at the Columbia Regional Airport that are not located on City-owned real estate. The terms of the agreement between the City and District for water service to the Columbia Regional Airport, dated October 9, 1995, shall remain in full force and effect except as otherwise provided herein.

9. The customers of one party shall not be allowed to receive water service from the other
