NOTICE OF CORRECTION

On December 6, 1999, Fidelity Communication Services II, Inc. (FCS II) filed a Motion for Clarification. In response thereto, the Missouri Public Service Commission (Commission) issues this Notice of Correction of two sentences in the Order Granting a Certificate to Provide Basic Local and Exchange Access Telecommunications Services issued by the Commission on November 30, 1999.

The third sentence of the first full paragraph on page six (6) should read: "FCS II has agreed that, unless otherwise ordered or permitted by the Commission, its originating and terminating access rates will be no greater than the lowest Commission-approved corresponding access rates in effect for the large ILEC(s) within whose service areas FCS II seeks to operate."

Paragraph number eight (8) on page eleven (11) should read: "Unless otherwise determined by the Commission in Case No. TO-99-596 or any other case, that Fidelity Communication Services II, Inc.'s certification and competitive status are expressly conditioned upon the continued applicability of Section 392.200, RSMo Supp. 1998, and on the

requirement that any increases in switched access service rates above the maximum switched access service rates set forth in the agreement must be cost-justified pursuant to Sections 392.220, RSMo Supp. 1998, and 392.230, rather than Sections 392.500 and 392.510."
