I. INTRODUCTION

Boomerang Wireless, LLC d/b/a enTouch Wireless, (“Boomerang”), by its undersigned counsel, and pursuant to Section 214(e)(4) of the Communications Act of 1934, as amended (the “Act”),¹ the Rules of the Federal Communications Commission (“FCC”),² and the rules and regulations of the Missouri Public Service Commission (the “Commission”), hereby submits this application of Boomerang Wireless, LLC d/b/a enTouch Wireless’ Eligible Telecommunications Carrier (“ETC”) for the partial relinquishment of its ETC designation in the service area served by underlying carrier, Verizon Wireless and removal of AT&T Mobility as an underlying carrier,

¹ 47 U.S.C. §214(c)(2)

² 47 C.F.R. §§ 54.101-54.207.

in the State of Missouri (“Application”). Boomerang was designated as a Lifeline-only ETC by Commission Order issued May 31, 2013, in Docket No. RA-2013-0115 for purposes of receiving federal low-income Universal Service Fund (“USF”) support³. By Order dated March 17, 2016, the Commission granted expansion of Boomerang’s service area is to include all exchanges in the State of Missouri.

All correspondence, communications, pleadings, notices, orders and decisions relating to this Application should be addressed to:

II. BOOMERANG’S PROPOSED PARTIAL RELINQUISHMENT OF ITS ETC DESIGNATED SERVICE AREA

Boomerang was designated by the Commission as an ETC in the State of Missouri in certain designated wire centers served by its underlying carriers including Sprint, Verizon Wireless, T-Mobile and AT&T Mobility (the “ETC Designation Order”) as set forth in **Exhibit “A”** hereto.

In February 2022, as previously noticed with the Commission in this docket, the corporate ownership of Boomerang officially changed to ViaOne Services. As a result of a new MVNE arrangement, Boomerang no longer utilizes the Verizon Wireless and AT&T Mobility networks as underlying carriers. At the same time, Boomerang will continue to utilize the T-Mobile network, which following its merger with the Sprint network includes an expanded

service area. Attached as **Exhibit “B”** is a listing of the zip codes in which Boomerang is requesting partial relinquishment. As a result of these changes approximately 4 subscribers in the former Verizon Wireless service area will be impacted. The impacted subscribers will need to choose whether to port their service to Boomerang’s alternate underlying carrier, or to transfer their service to a new ETC designated service provider in their area. If the subscriber does not port their service to a Boomerang alternate underlying carrier or transfer their service to another ETC service provider, their services will be disconnected October 8, 2023. There are no subscribers on the AT&T Mobility platform therefore no subscribers will be affected.

III. BOOMERANG’S RELINQUISHMENT OF ETC DESIGNATION COMPLIES WITH FEDERAL LAW

47 U.S.C. Section 214 (e)(4) requires a state regulatory commission to “permit an eligible telecommunications carrier to relinquish its designation as such a carrier in any area served by more than one eligible telecommunications carrier” under specific conditions. The conditions for relinquishing ETC designation are: (1) there must be more than one ETC serving in the area of the ETC seeking relinquishment; (2) the ETC seeking relinquishment must provide advance notice to the relevant state commission; (3) the subscribers served by the relinquishing ETC must continue to be served by an ETC; and (4) to the extent that additional facilities are required to serve any of the relinquishing ETC’s subscribers, sufficient notice must be provided to ensure that the construction or purchase of any additional facilities necessary to serve the relinquishing ETC’s subscribers can be timely completed.⁴

A. More than One ETC currently serves the ETC Service Area.

The Verizon Wireless service area is also currently served by more than one ETC as required by 47 U.S.C. § 214(e)(4). Specifically, each of the areas listed in **Exhibit “B”** is

⁴ 47 U.S.C. § 214 (e)(4).

currently served by an Incumbent Local Exchange Carrier (“ILEC”), also an ETC. In addition, the Commission has designated multiple other wireless ETCs to provide Lifeline service within Boomerang’s current ETC designation area. **Exhibit “C”** is a list of alternate ETCs serving the applicable zip code areas. These lists include TAG Mobile (Docket No. RA-2012-0296), Life Wireless (Docket No. XO-2011-0062), and Easy Wireless (Docket No. TA-2011-0164) that serve one or more of the service areas listed in **Exhibit “B.”**⁵

Boomerang will continue to provide all services supported by the universal service program, as detailed in Section 54.101(a) of the FCC’s Rules (47 C.F.R. § 54.101(a)), using T-Mobile USA as its underlying carrier instead of Verizon Wireless or AT&T Mobility.

Boomerang’s Lifeline service provides broadband Internet access service (“BIAS”) in addition to voice telephony service, and Boomerang commits that its Lifeline-supported services (both voice and broadband) will continue to meet or exceed the minimum service standards set forth in 47 C.F.R. § 54.408, including as they change going forward.

B. Boomerang is Providing Advance Notice to the Commission

Consistent with 47 U.S.C. § 214 (e)(4), Boomerang is filing this petition in advance of its requested effective date of relinquishment meeting the requirement to provide advance notice to the Commission of its intent to relinquish such support. In addition, the affected subscribers will receive proposed advance notices described in subsection “E” below which will be distributed beginning 60 days prior to the proposed effective date of October 8, 2023.

C. Other ETCs Will Serve Consumers Within the ETC Service Area.

The Remaining ETCs (See **Exhibit “C”**) will remain available to serve the affected

⁵ A list of the designated ETCs whose service area includes the withdrawn service areas (by Zip Codes) listed in **Exhibit “B”**. This information was obtained from USAC’s ‘Companies Near Me’ tool available at <https://cnm.universalservice.org>.

subscribers, and subscribers are receiving advance notice of their availability contemplated by 47 U.S.C. §214 (e)(4) following relinquishment of its ETC designation, effective October 8, 2023

D. No Additional Facilities Will Need to Be Purchased or Constructed by the Remaining Eligible Telecommunications Carriers.

To the best of Boomerang's knowledge, none of the remaining ETCs will be required to purchase or construct additional facilities to continue to serve consumers within the service area.

Because there is at least one additional ETC throughout Boomerang's ETC service area, there is no bar to prevent this Commission from allowing Boomerang to relinquish its service area as set forth in **Exhibit "B"** in Missouri, and the requirements set forth in § 214(e)(4) of the Act, § 54.205 of the Rules have been met.

E. In addition, Boomerang is taking extra steps to notify all affected subscribers.

Shortly after filing this Petition, Boomerang proposes to begin notifying each of its impacted Lifeline subscribers on the Verizon Wireless network in Missouri that if they want to continue to receive their Lifeline benefit, they will need to choose whether to: i) port their service to Boomerang's alternate underlying carrier; or ii) transfer their service to a new ETC designated service provider in their area. If the subscriber does not port their service to a Boomerang alternate underlying carrier or transfer their service to another ETC service provider, their services will be disconnected October 8, 2023. If a Boomerang subscriber decides to obtain service from another provider there will not be any early termination fees, as Boomerang subscribers are not subject to such fees.

Boomerang's impacted subscribers will receive multiple notices that Boomerang intends to discontinue their service via text messages and mail. Boomerang may also follow-up with phone calls/messages or emails if the subscriber has provided an email address. Text messages

have historically been the mechanism by which Boomerang communicated with its subscribers and has been the most effective method of ensuring Boomerang's subscribers receive this important information.

Boomerang will send each affected Lifeline subscriber notices 60-days, 45-days, 30-days, 15-days and 5-days, beginning August 9, 2023, which is sixty (60) days prior to Boomerang's preferred relinquishment date of October 8, 2023. The messages will contain a link to a web page with details and contacts for questions. During the final three weeks enTouch Customer Service may reach out to impacted subscribers who have not responded to Customer Service via the specially designated number. Boomerang may attempt to contact these subscribers via email (if the subscriber has provided Boomerang with an email address) or telephone call. The contents of these messages will include the following information: (1) Boomerang is changing how we provide Lifeline service in your area which requires impacted subscribers to take action to maintain their Lifeline services; (2) subscribers can make arrangements to keep their Lifeline benefit and remain with Boomerang or select another service provider that can provide Lifeline benefit in your area, and provide a link where alternative Lifeline providers in your area in Missouri can be identified; (3) if the subscriber chooses another Lifeline service provider, the subscriber must make arrangements to continue receiving Lifeline service before the disconnect date; and (4) a designated toll-free number will be provided that subscribers may call to reach Boomerang's subscriber service representatives to assist with the transition. See **Exhibit "D"** for a sample of the draft notices and information to be included on the Landing Page.

Boomerang will continue to provide its existing Lifeline subscribers with the Lifeline Missouri discount and claim reimbursement for the Lifeline discount until Boomerang discontinues the services provided via the Verizon Wireless network in Missouri. Boomerang

expects to stop seeking reimbursement for the Lifeline discount in the service areas noted in Exhibit "B" on or about October 8, 2023.

IV. CONCLUSION

Boomerang has met the conditions set forth in 47 U.S.C. §214 (e)(4) for relinquishment of its designation as an ETC on a wireless basis (low-income only) in the service area previously served by underlying carrier Verizon Wireless.

WHEREFORE, Boomerang requests that the Commission:

1. Enter an Order approving Boomerang's Application for partial relinquishment of its designation as an ETC on a wireless basis (low-income only) in the service area previously served by underlying carrier Verizon Wireless and eliminate AT&T Mobility as an underlying carrier for Boomerang Wireless.

2. Enter a final decision on the Application prior to the proposed effective date of October 8, 2023.

Respectfully submitted,

Dear <Name>,

Thank you for choosing enTouch Wireless to provide your Lifeline service and/or Affordable Connectivity Program (ACP) service.

enTouch Wireless is making changes to our coverage area that will impact the Lifeline benefit and ACP services in your area on October 8, 2023. If you still qualify to receive Lifeline benefit and/or ACP services, there are various options available to you that may enable you to keep your Lifeline benefit and/or ACP service. But you must act before **October 8, 2023**. For more information about the options, contact enTouch Customer services at [Dedicated CS#] and we can assist you or provide information about the options available to you.

The options available to you and the actions that you will need to take depend upon the Lifeline benefit, ACP service or combination thereof that you have with enTouch Wireless.

Subscribers with a Lifeline benefit and ACP services –

- Who want to stay with enTouch Wireless as your Service Provider, call enTouch Customer Service at [Dedicated CS#] for arrangements to port your Lifeline benefit and/or phone number to our alternate underlying carrier. And we can put both your Lifeline benefit and ACP service on one device, which will upgrade your Lifeline service with Lifeline and ACP services on one device.
- Who want to change Service Providers for either their Lifeline benefit or ACP service and if you still qualify to receive Lifeline benefit and/or ACP services, you can transfer your Lifeline benefit or ACP service to another provider. You can find **information about other Lifeline and ACP service providers in your area using USAC's 'Companies Near Me' tool available at <https://cnm.universalservice.org>**. There are no fees or charges for ending your service with enTouch Wireless.

If you do not contact enTouch Customer services at [Dedicated CS#], to confirm arrangements to keep your Lifeline benefit and/or ACP service with enTouch Wireless or do not

transfer your Lifeline benefit, ACP service, and/or assigned telephone number(s) to another service provider(s) before October 8, 2023, you will be de-enrolled from the Lifeline program and/or ACP program, and your device(s) and services will be disconnected on October 8, 2023.

If you have any questions, please contact us at [Dedicated CS#].

Thank you again for choosing enTouch Wireless. We appreciate the opportunity to provide Lifeline and/or ACP service to you.

Best Regards,
enTouch Wireless
