NOTICE REGARDING DISMISSAL OF APPLICATION

Although the parties to this case filed a stipulation on June 13, 1997, that filing was followed by the filing of two motions to amend the original application in October, 1997. In addition the applicant's attorney advised the General Counsel and the Adjudication Division that the applicant wished the Commission to take no action. The applicant anticipated a change in corporate structure which would significantly affect the preferred resolution of the case. The Commission's rules allow for dismissal of an application where no action has taken place for 90 days. 4 CSR 240-2.116(2). The parties are hereby notified that the application will be dismissed and the case closed on July 15, 1998 unless the Commission is advised that they are prepared to proceed immediately.
