OF THE STATE OF MISSOURI**

In the Matter of the application of the United)
Way of Greater St. Louis, Inc. for an Order of)
the Commission Granting it Authority as an) Case No. TO-2007-0312
Information and Referral Provider for purposes)
of Obtaining 211 service.)

AT&T MISSOURI'S APPLICATION TO INTERVENE

AT&T Missouri¹ respectfully submits this Application to Intervene in the above-captioned case, pursuant to Commission Rule 2.075 (4 CSR 240-2.075) and the Commission's March 2, 2007, Order Directing Notice and Setting Date for Submission of Intervention Requests ("Order"). In support of its Application, AT&T Missouri states that:

1. AT&T Missouri is a limited partnership duly authorized to conduct business in Missouri with its principal Missouri office located at One AT&T Center, 35th Floor, St. Louis, Missouri 63101. AT&T Missouri is a "local exchange telecommunications company" and a "public utility," and is duly authorized to provide "telecommunications service" within the State of Missouri as each of those phrases is defined in Section 386.020 RSMo (2000).

2. All correspondence, pleadings, orders, decisions and communications regarding this proceeding should be sent to:

3. This case was created as a result of the Application filed on February 23, 2007 by United Way of Greater St. Louis, Inc. ("UWGSL") for an order of the Commission granting UWGSL

¹ Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri ("AT&T Missouri").

authority as an information and referral provider and assigning it the 211 abbreviated dialing code in certain areas designated in UWGSL's Application.

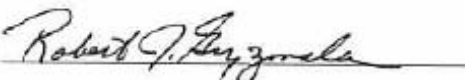

4. In accordance with Commission Rule 2.075(2), (4)(A) and (4)(B), AT&T Missouri states both that it has an interest in the case which is different from that of the general public and that granting it intervention would serve the public interest. First, many exchanges in which AT&T Missouri provides telecommunications services are listed in UWGSL's Application (see, Exhibit 7, pp. 1-5) as "phase 1" 211 implementation exchanges. Second, AT&T Missouri currently offers 211 service pursuant to its General Exchange Tariff (Section 29). AT&T Missouri's tariffed service would be available to UWGSL should the Commission grant UWGSL's Application. Moreover, granting AT&T Missouri's Application would not prejudice any of the interests or rights of any present party.

5. In accordance with Commission Rule 2.075(2), AT&T Missouri states that at this time it desires to be allowed to monitor this docket, and to receive all appropriate orders and other materials filed in the case that could affect AT&T Missouri's timely provisioning of its tariffed service for the benefit of UWGSL. Presently, AT&T Missouri is neither necessarily opposed to nor in favor of UWGSL's Application.

WHEREFORE, for the foregoing reasons, AT&T Missouri respectfully requests that the Commission grant its Application to Intervene in the above-captioned case.

Respectfully submitted,

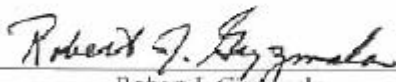

SOUTHWESTERN BELL TELEPHONE, L.P.
