3.     This case arose when Kansas City Power & Light Company ("KCP&L") filed proposed tariff sheets to implement a general rate increase for electrical service. On October 31, 2014, the Commission issued an order and notice directing that interested parties wishing to intervene must do so on or before November 20, 2014. This application is therefore timely.

4. Kansas City, acting through its several departments and affiliated agencies, is itself a large consumer of energy supplied by KCP&L. The City's interest in this proceeding is different from that of the general public. It is interested in the impact of any decisions in this proceeding on behalf of itself, its residents, businesses or visitors, whose interests, and the City's, may be adversely affected by a final decision in this case. It desires to participate fully in this proceeding including hearing and the briefing of the issues.

5. The City believes that its participation in the matter will be important to the other parties, and would assist the Commission in any deliberations on the subject matter. Its intervention is in the public interest.

6. At this time, Kansas City is uncertain of the position it will take in this matter.

WHEREFORE, for the foregoing reasons, the City of Kansas City, Missouri, respectfully requests that the Commission grant its Application to Intervene in this matter, and thereby entitle the City to have notice and to appear at the taking of testimony, to produce and cross-examine witnesses and to be heard on the argument, and in all other respects fully participate in this proceeding.

Respectfully submitted,

/s/ Mark W. Comley
