

**INITIAL CUSTOMER NOTICE AND LOCAL PUBLIC HEARING**

July 8, 2022

Dear Customer:

On June 13, 2022, Argyle Estates Water Supply (Company) submitted a request to the Missouri Public Service Commission (Commission) for an increase in its annual water operating revenues. The reason for the requested increase is to cover increases in expenses and/or investments in the Company's facilities.

By its request, the Company is seeking changes to its customer rates, which are intended to generate an increase in its annual water operating revenues of \$6,000 (approximately 49%). At the end of this Notice is a table that compares the Company's current residential customer rates and the proposed residential rates. The proposed rates and proposed amount of rate change identified in the table reflect estimates based on the amount of the Company's requested increase only. The new rates and their effects on customers' bills have not yet been determined. The Commission will determine what it believes to be just and reasonable rates. The last rate increase this Company received was in 2001.

Pursuant to the Commission's Staff Assisted Rate Case Procedure, the Commission will hold a local public hearing regarding proposed changes to the customer rates and charges of the Company. The purpose of this local public hearing is to receive customer comments about the proposed changes to the Company's rates and charges, and to bring service-related problems to the Commission's attention.

**It will begin at 6:00 p.m. with an informal question-and-answer session where representatives of Argyle Estates Water Supply, the Commission's Staff, and the Office of Public Counsel will be available for questions. At the conclusion of the question-and-answer session when the Commission starts the hearing anyone may offer evidence by appearing, testifying, and/or providing documents to the Commission for it to consider.**
