first day of each January and July until the principal amount is paid or duly provided for. Any date established for the payment of interest as described above is hereinafter referred to as an “Interest Payment Date.” The interest payable hereon on each Interest Payment Date is for the period commencing on the next preceding Interest Payment Date to and including the day immediately preceding the Interest Payment Date on which payment is made.

Interest is to be calculated on the basis of a year of 365 days or 366 days, as applicable, for the number of days actually elapsed, while the interest hereon is payable at the Weekly Interest Rate, One Month Interest Rate or Three Month Interest Rate. Otherwise, interest is to be calculated on the basis of a 360-day year consisting of twelve 30-day months.

As used herein, the term “Business Day” means any day other than (a) a Saturday or Sunday, (b) a day on which commercial banks located in the city or cities in which the designated office of the Trustee, the Paying Agent, the Remarketing Agent or the Series 2009A Credit Facility Provider (as such terms are hereinafter defined) are located and are required or authorized to remain closed or (c) a day on which The New York Stock Exchange is closed.

If any Interest Payment Date, the date of maturity of this Series 2009A Bond, any Purchase Date (as such term is hereinafter defined) or any date fixed for redemption of this Series 2009A Bond is not a Business Day, then payment of the applicable interest, principal, purchase price or redemption price may be made on the next succeeding Business Day with the same force and effect as if such payment were made on such Interest Payment Date, date of maturity, Purchase Date or date fixed for redemption, and no interest may accrue for the period after such date; provided, however, if this Series 2009A Bond bears interest at the Weekly Interest Rate, the One Month Interest Rate or the Three Month Interest Rate, interest accrues from the scheduled date of purchase or from the scheduled date of any maturity or redemption due date of this Series 2009A Bond until the Business Day on which such payment is made.

The principal of this Series 2009A Bond is payable upon presentation and surrender of this Series 2009A Bond at the designated office of the Trustee, as paying agent (the “Paying Agent”). Interest on this Series 2009A Bond is payable on each Interest Payment Date by check or draft mailed to the person in whose name this Series 2009A Bond (or one or more predecessor bonds) is registered (the “Owner”) at the close of business on the 5th Business Day preceding such Interest Payment Date (the “Regular Record Date”) on the registration books maintained by the Trustee, as registrar (the “Registrar”), at the address appearing therein. Notwithstanding the foregoing, interest on this Series 2009A Bond, at the request of such Owner, is to be paid by wire transfer in immediately available funds to the bank account number and address filed with the Registrar by such Owner. Any interest which is not timely paid or duly provided for ceases to be payable to the Owner hereof (or of one or more predecessor bonds) as of the Regular Record Date, and is payable to the Owner hereof (or of one or more predecessor bonds) at the close of business on a Special Record Date to be fixed by the Trustee for the payment of that overdue interest. Notice of the Special Record Date is to be mailed to Owners not less than 10 days prior thereto.

The principal and redemption price of and interest on this Series 2009A Bond are payable in lawful money of the United States of America, without deduction for the services of the Paying Agent. Notwithstanding anything herein to the contrary, when this Series 2009A Bond is

registered in the name of a Depository (as such term is hereinafter defined) or its nominee, the principal and redemption price of and interest on this Series 2009A Bond are payable in accordance with the Letter of Representations, as defined in the Master Indenture.

GENERAL PROVISIONS

This Series 2009A Bond is one of a duly authorized issue of bonds designated the “Summit Utilities, Inc. Variable Rate Demand Revenue Bonds (Missouri Gas Utility, Inc. Project), Series 2009,” issued in the aggregate principal amount of [\$5,500,000] (the “Series 2009A Bonds”). The Series 2009A Bonds are issued pursuant to the Trust Indenture dated as of August 7, 2008, by and between the Company and The Bank of New York Mellon Trust Company, N.A., Denver, Colorado, as trustee thereunder (the “Trustee”), and the Series 2009A Bonds Supplement dated as of May __, 2009, by and between the Company and the Trustee (collectively, the “Indenture”), and an authorizing resolution adopted by the Company’s Board of Directors. The proceeds of the Series 2009A Bonds will be used by the Company to make a loan (the “Series 2009A Loan”) to Missouri Gas Utility, Inc., a Colorado corporation and wholly-owned subsidiary of the Company (the “Series 2009A Borrower”), pursuant to the Series 2009A Loan Agreement dated as of May __, 2009 (the “Series 2009A Loan Agreement”), entered into by and between the Company and the Series 2009A Borrower, in order to provide funds to the Series 2009A Borrower to be used for any lawful purpose of the Series 2009A Borrower, including, without limitation, refinancing outstanding indebtedness of the Borrower, financing the costs of acquiring, constructing and installing natural gas distribution facilities and paying the costs of issuing the Series 2009A Bonds (the “Series 2009A Project”). All terms used herein with initial capitalization where the rules of grammar or context do not otherwise require have the meanings as set forth in the Indenture. Each Owner assents, by its acceptance of this Series 2009A Bond, to all of the provisions of the Indenture.

Pursuant to the Series 2009A Loan Agreement, the Series 2009A Borrower has executed and delivered to the Company a Promissory Note dated of even date with the Series 2009A Bonds (the “Series 2009A Promissory Note”), in the principal amount of [\$4,800,000] evidencing the payment obligations of the Series 2009A Borrower under the Series 2009A Loan Agreement. The Borrower is required by the Series 2009A Loan Agreement and the Series 2009A Promissory Note to make payments to the Trustee in amounts and at times necessary to pay the principal of and interest on the Series 2009A Bonds (the “Debt Service Requirements”). The Company has assigned to the Trustee, to provide for the payment of the Debt Service Requirements with respect to the Series 2009A Bonds, the Company’s right, title and interest in and to the Series 2009A Loan Agreement and the Series 2009A Promissory Note, except for Unassigned Company Rights as defined in the Series 2009A Loan Agreement.

An irrevocable direct pay letter of credit (the “Series 2009A Credit Facility”) has been issued and delivered to the Trustee by U.S. Bank National Association (the “Series 2009A Credit Facility Provider”), pursuant to which the Trustee is entitled to draw up to (a) the principal amount of the Series 2009A Bonds outstanding to enable the Trustee to pay (i) the principal amount of the Series 2009A Bonds when due at maturity or upon redemption or acceleration on the occurrence of an event of default, and (ii) an amount equal to the principal portion of the purchase price of any Series 2009A Bonds or Beneficial Interests therein duly tendered by the Owners or Beneficial Owners thereof for purchase pursuant to the Master Indenture, plus (b) the

amount of interest accruing on the Series 2009A Bonds, but not less than 45 days' accrued interest (not less than 105 days' if the Series 2009A Bonds bear interest at the Three Month Interest Rate, or not less than 195 days' if the Series 2009A Bonds bear interest at the Six Month Interest Rate, the One Year Interest Rate, the Five Year Interest Rate, the Ten Year Interest Rate or the Fixed Rate) at the maximum rate of 10.00% per annum (the "Maximum Rate") to enable the Trustee to pay interest when due on the Series 2009A Bonds and the interest portion (if any) of the purchase price of any Series 2009A Bonds or Beneficial Interests therein duly tendered by the Owners or Beneficial Owners thereof for purchase pursuant to the Master Indenture. To provide for the issuance of the Series 2009A Credit Facility, the Series 2009A Borrower has entered into a [Reimbursement and Pledge Agreement], dated as of May __, 2009 (the "Series 2009A Credit Facility Agreement"), with the Series 2009A Credit Facility Provider pursuant to which the Series 2009A Borrower is obligated to reimburse the Series 2009A Credit Facility Provider for all drawings made under the Series 2009A Credit Facility. The Series 2009A Credit Facility expires, subject to extension and provisions for earlier termination, on May __, 2011.

Subject to the provisions of the Indenture and the Series 2009A Loan Agreement, the Series 2009A Credit Facility may be replaced from time to time by another letter of credit (a "Substitute Series 2009A Credit Facility"), in which case the term "Series 2009A Credit Facility Provider" means the financial institution issuing the Substitute Series 2009A Credit Facility, and the term "Series 2009A Credit Facility" means the Substitute Series 2009A Credit Facility.

Failure of the Series 2009A Credit Facility Provider to honor any drawing properly made in strict compliance with the terms of the Series 2009A Credit Facility shall constitute an "Event of Default" under the Indenture, in which event the principal of all Series 2009A Bonds then outstanding (if not then due and payable), together with interest accrued thereon, shall become due and payable immediately.

The Series 2009A Bonds constitute special, limited obligations of the Company, subject to the provisions of the Indenture, payable solely from the Series 2009A Pledged Revenues, which are pledged to the payment of the Series 2009A Bonds. The Series 2009A Pledged Revenues consist of (a) the Series 2009A Loan Payments, (b) all of the moneys received or to be received by the Company or the Trustee in respect of repayment of the Series 2009A Loan, (c) all moneys and investments in the Series 2009A Accounts of the Bond Fund established by the Indenture, including, without limitation, moneys received by the Trustee under or pursuant to the Series 2009A Credit Facility, (d) any moneys and investments in the Series 2009A Account of the Project Fund established by the Indenture, (e) any other moneys or assets pledged to the payment of Series 2009A Bonds by the Indenture and (f) all income and profit from the investment of the foregoing. The Series 2009A Bonds are secured by and are entitled equally and ratably to the protection given by the Indenture. The Series 2009A Bonds are also secured by the assignment of the Series 2009A Pledged Revenues by the Indenture, as well as by the Series 2009A Loan Agreement, the Series 2009A Promissory Note and the Series 2009A Credit Facility.

The Series 2009A Bonds also constitute a valid claim of the Owners thereof against the Series 2009A Accounts established pursuant to, and the moneys held by the Trustee under, the Indenture, which Series 2009A Accounts and moneys are pledged and assigned for the equal and proportionate benefit of the Owners of the Series 2009A Bonds and, subject to the prior interest

of the Owners of the Series 2009A Bonds, for the repayment to the Series 2009A Credit Facility Provider of all amounts due and owing to such Series 2009A Credit Facility Provider under the Series 2009A Credit Facility Agreement, and may be used for no purpose other than payment of the Series 2009A Bonds and payment to the Series 2009A Credit Facility Provider.

The Company has covenanted in the Indenture to pay, or cause to be paid, the Debt Service Requirements with respect to the Series 2009A Bonds on the dates, at the places and in the manner provided in the Indenture, but only from the sources available therefor as provided in the Indenture.

The Indenture permits the issuance of additional Series of Bonds (collectively with the Series 2009A Bonds, the “Bonds”), all of which, regardless of the times of issue or maturity, are to be of equal rank, without preference, priority or distinction of any Bond over any other Bond, except with respect to the Series Credit Facilities, Series Confirmations, if any, and Series Accounts held under the Indenture, which Series Credit Facilities, Series Confirmations, if any, and Series Accounts secure only the Series of Bonds to which they relate. No additional Series of Bonds may be issued under the Indenture if such issuance would result, by itself, in a reduction or withdrawal of the then current rating (if any) on the Series 2009A Bonds.

The Series 2009A Bonds are issuable only in fully registered form in the denominations of \$5,000 and integral multiples thereof and are originally issued only to a Depository to be held in a Book-Entry System. The Series 2009A Bonds are to be registered in the name of the Depository or its nominee, as Owner, and immobilized in the custody of the Depository or its designee. Unless otherwise requested by the Depository, there is to be a single certificate for the Series 2009A Bonds, and the Series 2009A Bonds are not transferable or exchangeable, except for transfer to another Depository or another nominee of a Depository, without further action by the Company. During such time as the Series 2009A Bonds are in Book-Entry Form, Series 2009A Bonds in the form of physical certificates may only be delivered to the Depository. If any Depository determines not to continue to act as a Depository for the Series 2009A Bonds for use in a Book-Entry System, the Company may attempt to have established a securities depository/Book-Entry System relationship with another qualified Depository under the Indenture. If the Company does not or is unable to do so, the Company and the Trustee, after the Trustee has made provision for notification to the Beneficial Owners of book-entry interests by the then Depository, are to permit withdrawal of the Series 2009A Bonds from the Depository, and authenticate and deliver Bond certificates in fully registered form (in denominations of \$5,000 and integral multiples thereof) to the assignees of the Depository or its nominee. While a Depository is the sole Owner of the Series 2009A Bonds, delivery or notation of partial redemption or tender for purchase of Series 2009A Bonds is to be effected in accordance with the provisions of the Letter of Representations.

Reference is made to the Indenture and the Series 2009A Loan Agreement for a more complete description of the Series 2009A Project, the provisions, among others, with respect to the nature and extent of the security for the Series 2009A Bonds, the rights, duties and obligations of the Company, the Trustee and the Owners of the Series 2009A Bonds and the terms and conditions upon which the Series 2009A Bonds are issued and secured. Each Owner assents, by its acceptance hereof, to all of the provisions of the Indenture and the Series 2009A Loan Agreement.

DETERMINATION OF INTEREST RATE

All Series 2009A Bonds are required to bear interest in the same Interest Rate Mode as provided in the Indenture. On any Interest Period Reset Date, subject to the conditions set forth in the Indenture, the interest rate on all, but not less than all, the Series 2009A Bonds may be converted to a different Interest Rate Mode upon receipt by the Trustee and the Remarketing Agent of a written direction from the Series 2009A Borrower, given on behalf of the Company, not less than 45 days prior to the Interest Period Reset Date, to convert the interest rate on the Series 2009A Bonds to an Interest Rate Mode other than the Interest Rate Mode then in effect.

On each Interest Rate Determination Date, the Remarketing Agent is to give the Trustee notice of the interest rate to be borne by the Series 2009A Bonds for the following Interest Rate Period; provided that if the interest rate is determined as provided in the following paragraph, on the Interest Rate Determination Date the Trustee is to give notice to the Company, the Paying Agent, the Series 2009A Borrower and the Series 2009A Credit Facility Provider as above provided.

In the event that (i) the Remarketing Agent fails to determine the interest rate or (ii) the method of determining the interest rate shall be held to be unenforceable by a court of law of competent jurisdiction, the Series 2009A Bonds shall thereupon, until such time as the Remarketing Agent again makes such determination or until there is delivered an Opinion of Counsel to the effect that the method of determining such rate is enforceable, bear interest from the last date on which interest was legally paid at the Alternate Rate for the Interest Rate Mode in effect.

If the interest rate on the Series 2009A Bonds is converted to a different Interest Rate Mode, at least 30 days prior to the Interest Period Reset Date, the Trustee is to notify the Owners of all outstanding Series 2009A Bonds, by first class mail, that upon such Interest Period Reset Date the Series 2009A Bonds are to be converted to a different specified Interest Rate Mode, and that all Series 2009A Bonds and Beneficial Interests therein are to be subject to mandatory tender.

Any calculation of the interest rate to be borne by the Series 2009A Bonds is to be rounded to the nearest 0.01%. The computation of the interest rates on the Series 2009A Bonds by the Remarketing Agent or the Trustee, as applicable, is binding and conclusive upon the Owners of the Series 2009A Bonds.

If less than all of a Series 2009A Bond so delivered is to be purchased, the Trustee is to authenticate one or more Series 2009A Bonds in exchange therefor, registered in the name of such Owner, having the aggregate principal amount being retained by such Owner, and shall deliver such authenticated Series 2009A Bonds to such Owner.

Any Series 2009A Bonds not delivered by Owners following the giving of notice of tender are nevertheless deemed tendered for remarketing. Subject to the right of such non-delivering Owners to receive the purchase price of such Series 2009A Bonds and accrued interest to the day preceding the Purchase Date such Series 2009A Bonds are null and void, and the Trustee is to authenticate and deliver new Series 2009A Bonds in replacement thereof pursuant to the remarketing of such Series 2009A Bonds. After the giving of a notice of tender, Beneficial Owners are obligated to transfer their Beneficial Interests on the records of the Depository in accordance with the instructions of the Trustee.

MANDATORY TENDERS

Mandatory Tender Upon Conversion to a New Interest Rate Mode. If at any time the Company, at the direction of the Series 2009A Borrower, shall convert the interest rate on the Series 2009A Bonds to a different Interest Rate Mode as provided above, on the Interest Period Reset Date upon which such conversion is effective, all Series 2009A Bonds and Beneficial Interests therein are subject to mandatory tender by the Owners or Beneficial Owners thereof for purchase on such Interest Period Reset Date (a “Purchase Date”) at a price of 100% of the principal amount thereof plus accrued interest to the Purchase Date.

At least 30 days prior to the Interest Period Reset Date, the Trustee is to notify the Owners of all outstanding Series 2009A Bonds, by first class mail, that upon such Interest Period Reset Date the Series 2009A Bonds will be converted to a different specified Interest Rate Mode, and that all Series 2009A Bonds and Beneficial Interests therein are subject to mandatory tender, subject to the right of the Owners and Beneficial Owners to affirmatively elect to waive the mandatory tender and retain their Series 2009A Bonds or Beneficial Interests therein.

Mandatory Tender Upon Delivery of a Substitute Series 2009A Credit Facility. If at any time there is delivered to the Trustee a Substitute Series 2009A Credit Facility in accordance with the provisions of the Indenture, on a date selected by the Series 2009A Borrower, with the consent of the Trustee, which date is to be the Replacement Date as defined in the Indenture, all Series 2009A Bonds and Beneficial Interests therein will be subject to mandatory tender by the Owners or Beneficial Owners thereof for purchase on such Replacement Date (a “Purchase Date”) at a price of 100% of the principal amount thereof plus accrued interest to the Purchase Date.

At least 30 days prior to such Purchase Date, the Trustee is to notify the Owners of all outstanding Series 2009A Bonds, by first class mail, that a Substitute Series 2009A Credit Facility is to be delivered to the Trustee. Such notice is to advise the Owners of the Purchase Date, that the Company has certified that the requirements of the Indenture and the Series 2009A Bonds relating to a Substitute Series 2009A Credit Facility have been met, the name of the financial institution issuing the Substitute Series 2009A Credit Facility, the rating, if any, on the Series 2009A Bonds upon the provision of the Substitute Credit Facility and that all Series 2009A Bonds and Beneficial Interests therein are subject to mandatory tender, subject to the right of the Owners and Beneficial Owners to affirmatively elect to waive the mandatory tender and retain their Series 2009A Bonds or Beneficial Interests therein.

Mandatory Tender Upon Expiration or Certain Events of Termination of a Series 2009A Credit Facility. The Series 2009A Bonds and Beneficial Interests therein are subject to mandatory tender in whole 15 days preceding the Stated Expiration Date with respect to the Series 2009A Credit Facility (a “Purchase Date”), at a price of 100% of the outstanding principal amount thereof plus accrued interest to such Purchase Date, unless, at least 30 days prior to such Stated Expiration Date, the Series 2009A Credit Facility Provider shall have agreed to an extension or further extension of the applicable Stated Expiration Date to a date not earlier than one year from the Stated Expiration Date being extended (or until the maturity date of the Series 2009A Bonds if less than one year from the Stated Expiration Date). The mandatory tender of

Series 2009A Bonds or Beneficial Interests therein pursuant to this section may not be waived by the Owners or Beneficial Owners thereof.

At least 15 days prior to the Purchase Date, the Trustee is to notify the Owners of all outstanding Series 2009A Bonds, by first class mail, of the Purchase Date of the Series 2009A Bonds, that all Series 2009A Bonds and Beneficial Interests therein are subject to mandatory tender on the Purchase Date and that such mandatory tender may not be waived.

Series 2009A Bonds and Beneficial Interests Therein Deemed Tendered. Series 2009A Bonds and Beneficial Interests therein shall be deemed to have been tendered for purposes of mandatory tenders whether or not the Owners shall have delivered such Series 2009A Bonds to the Trustee and without further action by the Beneficial Owners with regard to Beneficial Interests. Subject to the right of the Owners or Beneficial Owners of such Series 2009A Bonds or Beneficial Interests therein to receive the purchase price of such Series 2009A Bonds or Beneficial Interests therein and interest accrued thereon to the Purchase Date, such Series 2009A Bonds or Beneficial Interests therein will be null and void and, in the case of mandatory tenders upon conversion to a new interest rate mode or upon delivery of a Substitute Series 2009A Credit Facility (and subject to the conditions of the Indenture regarding mutilated, lost, wrongfully taken, undelivered or destroyed Series 2009A Bonds), the Trustee is to authenticate and deliver new Series 2009A Bonds in replacement of the Series 2009A Bonds tendered or deemed tendered, or new Beneficial Interests are to be recorded on the records of the Depository, pursuant to the remarketing of such Series 2009A Bonds or Beneficial Interests therein or the pledge of such Series 2009A Bonds or Beneficial Interests therein to the Series 2009A Credit Facility Provider in lieu of remarketing such Series 2009A Bonds or Beneficial Interests therein.

The tender options granted to the Owners or Beneficial Owners and all mandatory tenders of Series 2009A Bonds or Beneficial Interests therein are subject to the additional condition that any tendered Series 2009A Bonds or Beneficial Interests therein (or the applicable portions thereof) will not be purchased if such Series 2009A Bonds (or applicable portions thereof) mature or are redeemed on or prior to the applicable Purchase Date.

REDEMPTION PRIOR TO MATURITY

Optional Redemption. The Series 2009A Bonds are subject to optional redemption, upon the direction of the Series 2009A Borrower and with the prior written consent of the Series 2009A Credit Facility Provider (subject to compliance with certain provisions of the Indenture), in whole or in part in integral multiples of \$5,000: (i) if the Series 2009A Bonds bear interest at an Adjustable Rate, on any Interest Rate Adjustment Date at the redemption price of 100% of the principal amount redeemed plus accrued interest thereon to the redemption date; and (ii) if the Series 2009A Bonds bear interest in the Fixed Interest Rate Mode, at any time on or after the July 1 occurring on or after the fifth anniversary of the Fixed Interest Rate Commencement Date, at a redemption price of 100% of the principal amount redeemed plus accrued interest thereon to the redemption date.

Partial Redemption. If less than all Series 2009A Bonds are to be redeemed at one time, the selection of Series 2009A Bonds, or portions thereof (in integral multiples of \$5,000) or more to be redeemed is to be made by lot by the Trustee. If Series 2009A Bonds or portions thereof

are called for redemption and if on the redemption date moneys for the redemption thereof are held by the Trustee, thereafter those Series 2009A Bonds or portions thereof to be redeemed cease to bear interest, cease to be secured by and are not deemed to be outstanding under the Indenture.

Notice of Redemption. Unless waived by any Owner of Series 2009A Bonds to be redeemed, notice of redemption of the Series 2009A Bonds is to be given by the Trustee or the Registrar for the Series 2009A Bonds on behalf of the Company by first class mail at least 30 days and not more than 60 days prior to the date fixed for redemption to the Owner of each Series 2009A Bond to be redeemed. Such notice is also to be provided to the Series 2009A Credit Facility Provider. Failure to receive notice by mailing or any defect in that notice regarding any Series 2009A Bond will not affect the validity of the proceedings for the redemption of any other Series 2009A Bond.
