Case No. GS-98-185

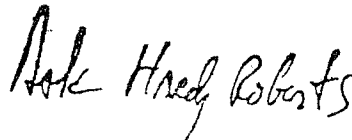

### NOTICE CLOSING CASE

On November 10, 1997, the Commission established this case to receive information relevant to an apparent gas explosion that occurred at Lot 12 of Walnut Lane Mobile Home Park at 9009 Kail Street in Pleasant Valley, Missouri. Missouri Gas Energy, a Division of Southern Union Company (MGE), a gas corporation subject to Commission jurisdiction under Sections 386.020(18) and 386.020 (42), RSMo Supp. 1996, provides natural gas service to the residence at that address.

On March 10, 1998, Staff of the Commission (Staff) filed its gas incident report in which it made three substantive recommendations concerning some of MGE's procedures. On April 8 MGE responded to those recommendations and on May 13 Staff filed a memorandum in which it stated that MGE's response was satisfactory, and that the case may be closed. On September 1, 1999, Staff filed a memorandum in which it stated that MGE had relocated the mains and service lines in March of 1999, and that Staff did a field check and verified that they had been moved.

No further action will take place in this case and it may now be closed.
