Case No. TA-2000- 625

**APPLICATION FOR INTEREXCHANGE AND
NON-SWITCHED LOCAL EXCHANGE AUTHORITY
AND COMPETITIVE CLASSIFICATION**

Comes now **essential.com, Inc.** ("Applicant" or "essential"), by and through counsel, and pursuant to Sections 392.361, 392.420, 392.430, 392.440 RSMo 1994, Section 392.410 RSMo Supp. 1999, and 4 CSR 240-2.060(4), files this Verified Application requesting that the Missouri Public Service Commission (hereinafter "the Commission") issue an order that:

- (a) grants Applicant a certificate of service authority to provide intrastate interexchange and non-switched local exchange telecommunications services, as herein more specifically defined, pursuant to Chapter 392 RSMo;
- (b) grants competitive status to Applicant and Applicant's requested services; and
- (c) waives certain Commission rules and statutory provisions pursuant to Sections 392.420 and 392.361 RSMo 1994, consistent with the Commission's past treatment of other certificated providers of competitive interexchange/private line telecommunications services.

In support of its request, Applicant states that:

1. Applicant is a corporation formed and operating under the laws of the State of Delaware and is duly authorized to transact business in the State of Missouri. Pursuant to the relevant provisions of 4 CSR 240-2.060, documents from the Missouri Secretary of State's Office are attached hereto and incorporated herein by reference as Appendix A.

Applicant's principal place of business is 3 Burlington Woods Drive, 4th Floor, Burlington, Massachusetts 01803 and its telephone number is (781) 229-9599.

2. All communications, notices, orders and decisions respecting this Application and proceeding should be addressed to:

(617) 556-3889

Any questions concerning Applicant's proposed tariff or operations should be directed to Mr. Edward Madden at the above number.

3. By this Application, Applicant proposes to provide various types of intrastate interexchange and non-switched, private line local exchange telecommunications services throughout the state of Missouri. Such services include, but are not limited to: message toll service (MTS), switched inbound service, non-switched dedicated private line service and travel card service. Pursuant to 4 CSR 240-2.060(4)(H), Applicant's proposed tariff bearing a forty-five day effective date is attached hereto and incorporated herein by reference as Appendix B.

4. Applicant requests that it and all its services proposed herein be classified as competitive. Applicant's proposed services herein fall within the category of the types of services which have routinely been authorized by the Commission for numerous other competitive carriers upon verified application without the need for evidentiary hearings. Applicant's proposed services will be subject to sufficient competition to justify a lesser degree of regulation; granting this Application will allow greater price and service options for telecommunications customers and will be in the public interest. Granting Applicant's requested competitive classifications is consistent

with past Commission treatment of other competitive certificated interexchange/non-switched local exchange carriers and will encourage competition consistent with the public policy of Federal Telecommunications Act of 1996 and Chapter 392 RSMo.

5. Applicant is willing to comply with all applicable Commission orders, rules and regulations. Applicant requests however, pursuant to Section 392.420 RSMo 1994, that the Commission at minimum waive the application of the following rules and statutory provisions as they relate to the regulation of Applicant to the extent that they previously and routinely have been waived for other certificated competitive interexchange/non-switched local exchange carriers:

6. Applicant is financially capable of providing the services proposed. Applicant also

possesses the necessary technical and managerial expertise and experience necessary to provide the services it proposes to offer at standards that will meet or exceed all service standards established by the Commission.

WHEREFORE, **essential.com, Inc.** respectfully requests that the Commission: 1) expeditiously grant it a certificate of service authority to provide intrastate, interexchange and non-switched local exchange telecommunications services within the State of Missouri; 2) grant Applicant and its proposed services competitive status; and 3) waive the application of the above-referenced statutes and Commission rules; all consistent with past Commission practice and the Commission's treatment of other certificated, competitive providers of intrastate interexchange and non-switched local exchange telecommunications services.

TARIFF FORMAT

- A. **Sheet Numbering** - Sheet numbers appear in the heading of each sheet. Sheets are numbered sequentially. However, occasionally, when a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in its Tariff approval process, the most current sheet number on file with the Commission is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** - There are nine levels of paragraph coding. Each level of code is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1.
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. **Check Sheets** - When a Tariff filing is made with the Commission, an updated Check Sheet accompanies the Tariff filing. The Check Sheet lists the sheets contained in the Tariff with a cross-reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The Tariff user should refer to the latest Check Sheet to find if a particular sheet is the most current on file with the Commission.
