**APPLICATION TO INTERVENE  
OF AG PROCESSING INC, A COOPERATIVE**

---

This application requests intervention in this proceeding for AG PROCESSING INC, A COOPERATIVE ("AGP"). Pursuant to 4 C.S.R. 240-2.075 AGP applies to intervene and to become a party in this proceeding. In support, AGP states:

1. AGP is an agricultural cooperative and is a large manufacturer and processor of soybean meal, soy-related food products, and other grain products throughout the central and upper Midwest, including the State of Missouri. AGP is the largest cooperative soybean processing company in the world, the third-largest supplier of refined vegetable oil in the United States and the third-largest commercial feed manufacturer in North America.

2. AGP operates a major processing facility in St. Joseph, Missouri where it is believed to be the largest industrial steam customer of the applicant utility Aquila, Inc. ("Aquila") in the St. Joseph service area.

3. AGP's interest in proceedings affecting the rates, terms and conditions of steam and other utility services from

Aquila, Inc. has been previously recognized by the Missouri Public Service Commission in permitting AGP's intervention in prior Aquila rate design and rate-related proceedings. AGP has actively participated in such cases.

4. Correspondence or communications regarding this application, including service of all notices and orders of this Commission, should be addressed to:

Stuart W. Conrad, Esq.  
FINNEGAN, CONRAD & PETERSON, L.C.

Voice: (816) 753-1122  
Fax: (816) 756-0373  
E-mail: stucon@fcplaw.com

and to:

Mr. Gary Chesnut  
Corporate Purchasing Manager  
Ag Processing Inc.  
12700 West Dodge Rd.  
Omaha, NE 68154

5. On May 27, 2005, Aquila filed proposed tariffs reflecting an annual increase in steam revenue of roughly \$5.029 million. Initial investigation and review of these proposed tariffs and the accompanying materials indicates that the proposed increase has not been shown to be just and reasonable and may be unjust, unreasonable, unduly discriminatory, and not based on costs.

6. As the largest steam service customer supplied by Aquila, AGP's preliminary calculations indicate that its rates for steam service could increase more than \$2.5 million over the current rate levels were this proposed increase allowed.

7. Accordingly, AGP is vitally interested in issues that are or may be raised by or developed as a result of the investigation of Aquila's steam rate proposal including, without limitation: (1) the revenues which will or may be realized under such rates and the increase over revenues resulting from former rates in effect before the current filing; (2) the amount and prudence of expenses and purported matching revenues to be charged to the appropriate test period; (3) the proper allocation of fuel costs to the Lake Road generating station and the relationship of the claimed increase in natural gas costs to the Lake Road operations; and (4) the design and structure of rates needed to raise revenues sufficient to meet a proper cost of service for Missouri-American. Contemporaneously, AGP is requesting that these proposed tariffs be suspended for the maximum statutory period for investigation and review.

8. AGP will be bound or adversely affected by any Commission order in this proceeding. Because of the structure of the rate schedules under which Aquila sells industrial steam to AGP, and because of AGP's size and consistency of steam usage for production purposes, AGP is in the special position of representing its own interest that is direct, immediate, different from that of the general public, and that cannot adequately be represented by any other party. Therefore, it will aid the Commission and serve and protect the public interest that AGP be permitted to intervene in this proceeding to protect its interests.

9. For purposes of 4 C.S.R. 240-2.075(2), AGP states that it opposes the discriminatory and excessive pricing of public utility services, including those provided by Aquila and therefore opposes the relief sought by Aquila in this proceeding.

WHEREFORE, AGP prays: (a) that it be permitted to intervene and be a party to this case with all rights to have notice of and participate in any proceedings and hearings to present evidence, to cross-examine witnesses, file briefs and present any argument; and (b) for all other relief to which AGP is entitled.

Respectfully submitted,

FINNEGAN, CONRAD & PETERSON, L.C.
