**JANUARY STATUS REPORT CONCERNING
SEWER TARIFF CONSOLIDATION**

COMES NOW Missouri-American Water Company (MAWC) and, as its January Status Report Concerning Sewer Tariff Consolidation, states as follows to the Missouri Public Service Commission (Commission):

1. Paragraph 13 of the Non-Unanimous Revenue Requirement Stipulation and Agreement,¹ stated as follows:

MAWC, Staff, OPC, and any other interested party, will participate in a sewer tariff workgroup, for the purpose of developing a single sewer tariff document that will replace current MAWC sewer tariffs and be applied to any future MAWC sewer service area. The first meeting shall occur within 30 days of the effective date of the Commission's order in this case and the workgroup will adopt a goal of finalizing a tariff document that can be filed for Commission approval not later than 180 days after the effective date of the Commission's order in this case, or as soon thereafter as possible. If the workgroup does not complete a consolidated tariff document by this date, it will submit status reports to the Commission within 10 days after this date, and after each 30 day period thereafter.

¹ Approved by the Commission's Order Approving Non-Unanimous Stipulation and Agreement, issued April 6, 2016, and later amended by the Commission's Order Approving Modification to Approved Stipulation and Agreement Regarding Revenue Requirement issued May 11, 2016.

2. On January 19, 2017, MAWC and other interested parties held a workshop at the Governor State Office Building concerning a draft consolidated tariff document. The parties will conduct another workshop concerning this document within approximately 2 weeks and, thereafter, provide a February Status Report, if no tariff has been filed by February 18.

WHEREFORE, MAWC requests the Commission consider this filing to comply the requirement to file a status report, and grant such further relief as the Commission shall find to be reasonable and just.

Respectfully submitted,
