Case No. _____

**APPLICATION FOR CERTIFICATE OF SERVICE AUTHORITY
AND FOR COMPETITIVE CLASSIFICATION**

COMES NOW Alltel Holding Corporate Services, Inc. ("Applicant" or "Company"),
by and through counsel, and pursuant to Sections 392.361, 392.410, 392.420, 392.430,
392.440 RSMo, and 4 CSR 240-2.060 and 4 CSR 240-3.510, files this verified
Application requesting that the Missouri Public Service Commission (hereinafter "the
Commission") issue an order that:

- (a) grants Applicant certificate of service authority to provide intrastate interexchange and non-switched local exchange telecommunications services, pursuant to Chapter 392 RSMo;
- (b) grants competitive status to Applicant and Applicant's requested services;
- (c) waives certain Commission rules and statutory provisions pursuant to Sections 392.420 and 392.361 RSMo, consistent with the Commission's past treatment of other certificated providers of competitive interexchange telecommunications services; and
- (d) approves Applicant's separately submitted proposed tariff which, in accordance with 4 CSR 240-3.510(1)(C), will be filed with an effective date which is not fewer than forty-five (45) days after the tariff's issue date or, in the alternative, approves Applicant's adoption notice whereby it adopts the current Intrastate Long Distance Message Telecommunications Service tariff of Alltel Communications, Inc.

In support of its request, Applicant states that:

1. Applicant is a foreign corporation formed and operating under the laws of the State of Delaware and is duly authorized to transact business in the State of Missouri. The character of the business performed by Applicant is telecommunications. Pursuant to the relevant provisions of 4 CSR 240-2.060, a certificate of registration from the Missouri Secretary of State's Office is attached hereto and incorporated herein by reference as **Appendix A**. Applicant's legal name and principal place of business is:

Alltel Holding Corporate Services, Inc.
One Allied Drive
Little Rock, Arkansas 72202

2. An officer's verification is attached hereto.

3. All communications, notices, orders and decisions respecting this Application and proceeding should be addressed to:

E-mail: lwdority@sprintmail.com

4. By this Application, Applicant proposes to provide various types of intrastate interexchange and non-switched local exchange (dedicated private line) telecommunications services throughout the state of Missouri. Specifically, Applicant seeks authority to provide a full range of interexchange services and, where appropriate, non-switched local exchange/private line services. Applicant will provide telecommunications services to residential and business customers. As reflected in the "Application for Approval of Transfer of Control of Alltel Missouri, Inc. and Transfer of

Alltel Communications, Inc. Interexchange Service Customer Base" being filed concurrently herewith, Applicant is requesting Commission approval for the transfer of the interexchange service customer base from Alltel Communications, Inc., which is an integral component of the transfer of the "Wireline Business" from Alltel Corporation in that proceeding.

5. Applicant acknowledges 4 CSR 240-3.510(1)(C) which requires that a tariff must be filed with the Commission and approved before service can be provided. Accordingly, Applicant will be filing a proposed tariff with a forty-five day effective date, or a Notice of Adoption as discussed above, as soon as possible.

6. Applicant requests that it and all its services proposed herein be classified as competitive. Applicant believes that the highly developed state of the interexchange and local exchange telecommunications services market in Missouri and nationwide ensures that its proposed services will be subject to sufficient competition to warrant a less rigorous degree of regulation.

7. As a new market entrant, Applicant requests streamlined regulatory treatment afforded similarly situated telecommunications carriers in Missouri. Likewise, to the extent the Commission has granted other competitive interexchange carriers waiver of certain of the Commission's rules and regulations, Applicant respectfully requests that it be granted the same waivers.

8. Consistent with the Commission's treatment of other certificated telecommunications companies, Applicant respectfully requests that, pursuant to §392.361.5 and §392.420, RSMo, the following statutes and regulations be waived with respect to its interexchange service offerings:

STATUTES

§ 392.210.2	--	Uniform System of Accounts
§ 392.240.1	--	Rates-Rentals-Service & Physical Connections
§ 392.270	--	Valuation of Property (Ratemaking)
§ 392.280	--	Depreciation Accounts
§ 392.290	--	Issuance of Securities
§ 392.300.2	--	Acquisition of Stock
§ 392.310	--	Issuance of Stock and Debt
§ 392.320	--	Stock Dividend Payment
§ 392.330	--	Issuance of Securities, Debts and Notes
§ 392.340	--	Reorganization(s)

RULES

4 CSR 240-10.020	--	Depreciation Fund Income
4 CSR 240-30.040	--	Uniform System of Accounts

9. Applicant will comply fully with all applicable Commission rules except those that are specifically waived by the Commission pursuant to the Company's request herein. To the extent that the Commission may modify its waiver policies, Applicant respectfully reserves the right to amend its waiver requests accordingly.

10. Pursuant to 4 CSR 240-2.060 (1) (K), Applicant states that it does not have any pending action or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or rates, which action, judgment or decision has occurred within three (3) years of the date of this Application.

11. Pursuant to 4 CSR 240-2.060 (1) (L), Applicant states that no Commission annual report or assessment fees are overdue.

12. Applicant is financially capable of providing the services proposed. Applicant also possesses the technical and managerial expertise and experience necessary to provide the services it proposes to offer at standards that will meet or exceed all service standards established by the Commission.

13. Applicant submits that the public interest will be served by Commission approval of this application because Applicant's proposed services will create and enhance competition and expand customer service options consistent with the legislative goals set forth in the federal Telecommunications Act of 1996 and Chapter 392 RSMo. Prompt approval of this application also will expand the availability of innovative, high quality, and reliable telecommunications services within the State of Missouri.

WHEREFORE, Alltel Holding Corporate Services, Inc. respectfully requests that the Commission: (1) grant it certificate of service authority to provide intrastate interexchange and non-switched local exchange telecommunications services within the State of Missouri; (2) grant Applicant and its proposed services competitive status; (3) waive the application of the above-referenced statutes and Commission rules; and (4) approve its separately-filed tariff or notice of adoption after submission and review.

Respectfully submitted,
