

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of the Abandonment of the        )  
Certificate of Public Convenience and        )  
Necessity and Cancellation of Tariffs        )     Case No.  
Related to the Provision of Steam by        )  
AmerenUE.                                        )

**APPLICATION TO ABANDON CERTIFICATE OF PUBLIC  
CONVENIENCE AND NECESSITY FOR PROVISION OF  
STEAM SERVICE AND TO CANCEL RELATED TARIFFS**

**COMES NOW** Union Electric Company d/b/a AmerenUE (AmerenUE) and makes application to the Missouri Public Service Commission (Commission) to request the Commission authorize AmerenUE to abandon its Certificate of Public Convenience and Necessity related to the provision of steam service and to cancel the related tariffs. In support of its application, AmerenUE states as follows:

1. AmerenUE’s Certificate of Convenience and Necessity allows it to provide steam service to the Capitol Group of Buildings in Jefferson City, Missouri, as required by Section 393.170 RSMo. 2000. The Capitol Group of Buildings includes the Capitol Building, the Broadway State Office Building, the Supreme Court Building, the State Highway Department Building, the Governor’s Mansion and the Jefferson State Office Building.

2. This provision of steam service began in 1984, when Missouri Power & Light was acquired by Union Electric in Case No. EM-83-248. In the same docket, Steam Heating Tariff, P.S.C. Mo. No. 6, Original Sheet Nos. 1 through 6, was approved by the

Commission. This tariff was for the provision of steam service to the Capitol Group of Buildings. No other customers took steam service under this tariff. A copy of the tariff is attached to this application as Appendix A.

3. In 1984, AmerenUE applied for and was granted relief of its obligations to provide steam service in St. Louis in Case No. HM-84-38. However, this application and resulting order did not impact the obligation to serve the Capitol Group of Buildings in Jefferson City.

4. In the mid-1990s, the State of Missouri Division of Facilities Management constructed a state owned steam plant to replace the steam service previously provided by AmerenUE to the Capitol Group of Buildings.

5. AmerenUE no longer provides steam service to the Capitol Group of Buildings and has not provided steam service since the State of Missouri constructed its own steam plant to serve the Capitol Group of Buildings. Additionally, no other customer has requested steam service.

6. As required by Section 393.190 RSMo. 2000, AmerenUE requests that the Commission its Certificate of Public Convenience and Necessity related to the provision of steam service and that it cancel steam heating tariffs, P.S.C. Mo. No. 6, Original Sheet Nos. 1 through 6.

WHEREFORE, AmerenUE requests the Commission cancel that portion of its Certificate of Public Convenience and Necessity related to the provision of steam service and that it cancel steam heating tariffs, P.S.C. Mo. No. 6, Original Sheet Nos. 1 through 6.

Respectfully submitted,

UNION ELECTRIC COMPANY  
d/b/a AmerenUE
