60-DAY NOTICE

COMES NOW Union Electric Company d/b/a Ameren Missouri ("Ameren Missouri" or "Company") and, pursuant to 20 CSR 4240-4.017(1), gives notice that it intends to file a petition for authority under Section 393.1700 RSMo for a financing order approving the issuance of securitized utility tariff bonds for energy transition costs related to retirement of its Rush Island generating plant and other related relief.

The issues likely to be before the Missouri Public Service Commission ("Commission") include the Company's fulfillment of the applicable requirements of the securitization statute for a retired electric generating facility, including the amount of prudently incurred energy transition costs to be securitized, the resulting securitized utility tariff charge, and the process to reconcile any difference between the amount securitized and the final costs incurred.

Ameren Missouri has not had any communication with the Office of the Commission (as defined in 20 CSR 4240-4.015(10)) within the last 90 days in regard to this matter.

Respectfully submitted,
