APPLICATION FOR INTERVENTION OF BRIGHTERGY, LLC

COMES NOW Brightergy, LLC (“Brightergy”) and in support of its Application for Intervention states the following:

1. Brightergy is a limited liability company organized under the laws of the State of Missouri with its principal place of business at 1712 Main Street, 6th Floor, Kansas City, MO, 64108.
2. The issues KCP&L raises in this docket impact primary areas of business for Brightergy, which include providing a variety of energy services, including energy efficiency solutions for private companies, school districts and municipalities among many other clients. Brightergy also installs solar photovoltaic systems and provides analysis of sources of energy services.
3. As a major provider of energy efficiency services in the KCP&L and KCP&L-GMO service territories, Brightergy has a direct financial interest in the goals set out in the Integrated Resource Plan, and as such has an interest in the proceedings different from that of the general public.

4. Brightergy's unique set of expertise in the efficiency market will provide a perspective to the Commission's decision making that would otherwise be lacking, and it is therefore in the public's interest to allow Brightergy to intervene.

5. Correspondence, communications, orders and decisions in this case may be directed to Brightergy's undersigned legal counsel.

6. Brightergy does not yet have a position on the issues in this case and reserves the right to take positions on specific issues as this case proceeds.

WHEREFORE, Brightergy respectfully requests that the Commission grant its Application for Intervention in the above-styled case.

Respectfully submitted,
