

### **Applications for rehearing**

The Commission shall grant an application for rehearing if “in its judgment sufficient reason therefor be made to appear.”<sup>2</sup> The Commission finds that the applicants failed to establish such a sufficient reason. Thus, the Commission will deny the applications for rehearing.

### **Motion for reconsideration**

ATXI asks the Commission to reconsider the portion of its Report and Order that would require ATXI to obtain county assents from all five of counties affected by Mark Twain before it can begin construction. ATXI asks the Commission to permit it to begin construction in each county as it receives assent, without having to wait for all five counties to approve the project.

The Commission ruled that county assent is required before ATXI’s certificate of convenience and necessity (“CCN”) would become effective. And the Commission’s rules regarding CCNs require that “(i)f any of the items required under this rule are unavailable at the time the application is filed, **they shall be furnished prior to the granting of the authority sought.**”<sup>3</sup> Because the Commission’s rule states all such county assents are required before the CCN can become effective, the Commission will deny the motion for reconsideration.

---

<sup>2</sup> Section 386.500.1 RSMo Supp. 2013).

<sup>3</sup> Commission Rule 4 CSR 240-3.105(2) (emphasis supplied).

### **Requests for clarification**

The Commission's Report and Order ordered further conditions upon the CCN as agreed upon by ATXI and the Commission's Staff. ATXI states that the Report and Order does not accurately reflect those conditions. Tellingly, Staff did not object to ATXI's request for clarification. Thus, the Commission will clarify its Report and Order in the ordered paragraphs.

Finally, NU asks for clarification of the Report and Order to prevent ATXI from misleading landowners about the effect of the Report and Order. NU does not cite, and the Commission cannot find, any legal authority that would allow the Commission to do what NU requests. Therefore, the Commission will deny NU's request for clarification.

### **THE COMMISSION ORDERS THAT:**

1. The Applications for Rehearing filed by Ameren Transmission Company of Illinois and by Neighbors United Against Ameren's Power Line are denied.
2. The Motion for Reconsideration filed by Ameren Transmission Company of Illinois is denied.
3. The Request for Clarification filed by Neighbors United Against Ameren's Power Line is denied.
4. The Request for Clarification filed by Ameren Transmission Company of Illinois is granted, as stated below.
5. Condition 3 on page 40 of the Report and Order has been satisfied.
6. Condition 7 on page 42 of the Report and Order is clarified to reference Schedule DBR-SR2 to ATXI witness Doug Brown's Surrebuttal Testimony.

7. Conditions 7 and 8 on page 42 of the Report and Order are duplicative; thus, the Commission removes that condition 8 and, in its place, inserts the condition 8 intended by the parties, which is “that Ameren Transmission Company of Illinois file with the Commission in this case all required approvals and permits—e.g., land disturbance permits, Missouri State Highway Commission permits, US Fish & Wildlife permits, and EPA permits—before beginning construction on that part of the Mark Twain project where the approvals and permits are required.”

8. The Report and Order is further clarified to reflect an omitted condition agreed upon between Ameren Transmission Company of Illinois and the Staff of the Commission, which is that ATXI shall be required to file with the Commission the annual report it files with FERC.

9. This order shall be effective on June 18, 2016.
