

# ***MEEIA 2019***

## **Additional Savings Opportunity**

Regulatory Stakeholder Workshop  
March 27, 2019  
2:15 – 4:15

# Purpose

11. Collaborative Meetings to Explore Additional Opportunities. No later than June 1, 2020, Ameren Missouri will file in this docket a report summarizing collaborative discussions between the Signatories similar to its MEEIA 2016-18 Collaborative Report. The objective of this collaborative effort is to systematically explore additional savings opportunities with the intention to impact possible changes to MEEIA 2019-21 programs and/or to provide a foundation for new and/or modified programs for a proposed MEEIA Cycle 4. The Company will host at least four meetings, with no more than six months in between the meetings.

# Purpose

11. Collaborative Meetings to Explore Additional Opportunities. No later than June 1, 2020, Ameren Missouri will file in this docket a report summarizing collaborative discussions between the Signatories similar to its MEEIA 2016-18 Collaborative Report. The objective of this collaborative effort is to systematically explore additional savings opportunities with the intention to impact possible changes to MEEIA 2019-21 programs and/or to provide a foundation for new and/or modified programs for a proposed MEEIA Cycle 4. The Company will host at least four meetings, with no more than six months in between the meetings.

# Workshop Agenda

1. Workshop Practices – 5 minutes
2. Responsibilities – 5 minutes
3. Expectations – 30 to 40 minutes
4. Processes – 20 to 30 minutes
5. Timeline – 15 to 20 minutes
6. Ideation – 15 to 20 minutes
7. Next Steps – 5 minutes

# Good Workshop Practices

- Discussion guidelines
- Staying on topic
- Decision making

# Individual Responsibilities

## Ameren Missouri:

- Host and facilitate the meetings
- Write the draft and final report
- Research topics and present detailed analysis
- Complete cost effectiveness analysis
- Implement possible additional savings opportunities

## Everyone:

- Participate in the meetings
- Help prioritize ideas
- Help research topics and present detailed analysis
- Review and provide input on the draft report

# Individual Expectations

- Why are we going through this process?

# Individual Expectations

- Why are we going through this process?
- **What would you do the same or differently from the past collaborative efforts for program design?**

# Individual Expectations

- Why are we going through this process?
- What would you do the same or differently from the past collaborative efforts for program design?
- **Would you rather focus on a few things or spend less time on several individual ideas?**

# Individual Expectations

- Why are we going through this process?
- What would you do the same or differently from the past collaborative efforts for program design?
- Would you rather focus on a few things or spend less time on individual ideas and cover many subjects?
- **Are you expecting vendor presentations, RFPs and pilots prior to the final report?**

# Individual Expectations

- Why are we going through this process?
- What would you do the same or differently from the past collaborative efforts for program design?
- Would you rather focus on a few things or spend less time on individual ideas and cover many subjects?
- Are you expecting vendor presentations, RFPs and pilots prior to the final report?
- **In one or two words, what is your expectation for the outcome of this process?**

# Processes to “systematically explore additional savings opportunities”

- Process to identify ideas
- Process to prioritize ideas
- Process to analyze ideas
- Process to test ideas
