the 314 and 816 Area Codes.)

ORDER AND NOTICE OF PETITION

On December 17, 1999, the North American Numbering Plan Administrator NeuStar, Inc. (NANPA), filed a pleading requesting that the Commission approve a "retroactive" all services overlay relief plan for the 314 Numbering Plan Area (NPA) and a single all services overlay relief plan for the 816 NPA. NANPA states that it is a neutral third party NPA Relief Planner for Missouri and acts on behalf of the Missouri telecommunications industry including current and prospective telecommunications carriers within the state of Missouri. NANPA states that the recommended relief plan was developed through industry consensus¹ and that the industry requests that the Commission approve its recommended implementation schedule no later than March 1, 2000.

On December 27, 1999, the Staff of the Missouri Public Service Commission (Staff) requested that the Commission allow it to file a recommendation on or before February 11, 2000, so that it would have

sufficient time to investigate and prepare a recommendation. The Office of the Public Counsel (Public Counsel) also requested in a pleading filed December 29, 1999, that it be allowed until February 11, 2000, to file its recommendation and response to the petition. In its pleading, the Public Counsel requested that notice be given to the public and to state and local government officials in the St. Louis and Kansas City metropolitan areas, and that an intervention period be set. Public Counsel requests that evidentiary and public hearings be held. Finally, Public Counsel requests that the Commission establish a Technical Committee including representatives of the interested parties similar to the process used in TO-98-212, TO-95-289, and TO-96-1.

The Commission determines that Public Counsel and Staff should be allowed sufficient time to file their responses and recommendations regarding the petition.
