Provide IntraLATA and InterLATA )  
Interexchange and Basic Interexchange )  
Telecommunications Services. )

**ORDER DIRECTING STAFF TO RESPOND**

On September 20, 1999, Northeast Missouri Long Distance, L.L.C. (NELD) filed an application with the Commission for a Certificate of Service Authority to provide intraLATA and interLATA interexchange and basic interexchange telecommunications services. NELD's application notes that it wishes to assure that NELD is authorized to provide toll service immediately after termination of the PTC Plan. Therefore, NELD requests that its application and accompanying tariffs be approved and effective by October 5, 1999, so that the proposed modification to the intraLATA Toll Dialing Parity Implementation Plans of NELD's parent company, Northeast Missouri Rural Telephone Company, and its affiliate, Modern Telecommunications Company, can be implemented by October 20.

The Commission will attempt to expedite the consideration of this application to the greatest extent possible while honoring its obligation to carefully consider the application. The Commission must also be mindful of the limitations imposed on the Staff of the Commission (Staff)

by the press of other matters. For that reason, it is important that Staff be allowed to give its input on this question.

**IT IS THEREFORE ORDERED:**

1. That no later than September 27, 1999, the Staff of the Public Service Commission shall file a statement advising the Commission as to whether or not it will be able to file, by October 4, 1999, a Staff recommendation regarding the application of Northeast Missouri Long Distance, L.L.C. for Certificate of Service Authority.

2. That this order shall become effective on October 4, 1999.
