Subject: Staff Recommendation to Cancel Certificate of Service Authority and Accompanying  
Tariff

Date: March 31, 2005

On March 28, 2005, Adelphia Telecommunications, Inc. (Adelphia), a competitive telecommunications company, filed its Application to Cancel Certificate of Service Authority and Tariffs.

Adelphia was granted a certificate of service authority to provide interexchange and non-switched local exchange telecommunications service on March 21, 2000 in Case No. TA-2000-404. According to Adelphia's application, the company has no customers in Missouri so cancellation of its certificate of service authority is not detrimental to the public interest. The Staff has no objection to the request for cancellation and recommends that the Commission issue an order to cancel Adelphia's certificate of service authority to provide interexchange and non-switched local exchange telecommunications service and accompanying tariff, Missouri P.S.C. Tariff No. 1. The Staff is unaware of any other filing which affects or which would be affected by this proposal.

- ☒ The Company is not delinquent in filing an annual report and paying the PSC assessment.
- ☐ The Company is delinquent. Staff recommends the Commission grant the requested relief/action on the condition the applicant corrects the delinquency. The applicant should be instructed to make the appropriate filing in this case after it has corrected the delinquency.
