In the matter of the investigation)
into WATS resale by hotels/motels.) Case No. TO-84-222
)

In the matter of the investigation)
into WATS resale applications for)
certificates of public convenience) Case No. TO-84-223
and necessity.)
)

In the matter of the investigation)
into the reasonableness of permitting)
competition in the intraLATA telecom-) Case No. TC-85-126
munications market in Missouri.)
)

In the matter of the Missouri interLATA)
access charge and intraLATA toll pool.) Case No. TO-85-130
)

ORDER APPROVING TARIFFS

On October 23, 1987, the Commission issued its Report And Order in the above-styled matters adopting a Conceptual Framework which would establish a Primary Toll Carrier Plan to replace the intraLATA toll pool. On December 11, 1987, the Commission issued its Order Of Clarification And Denying Rehearing which allowed the local exchange companies (LECs) until July 1, 1988, to implement the Primary Toll Carrier Plan.

New tariffs implementing the Plan were filed on May 2, 1988. The tariffs filed were designed to maintain revenue neutrality for the LECs and allow the Primary Toll Carriers (PTCs) to reflect a shift in some NTS costs from the intraLATA toll to

pool to vertical/discretionary services and/or service connection charges and/or toll charges or other revenue sources not including access rates.

On June 2, 1988, MCI Telecommunications Corporation (MCI) filed a Motion To Consolidate, Suspend, And Reject Or Modify Tariffs. CompTel of Missouri (CompTel) and AT&T Communications of the Southwest, Inc. (AT&T) also filed motions echoing the concerns set out in MCI's motion. The Commission ordered expedited responses to MCI's motions and set all three motions for oral argument on June 14, 1988. On June 16, 1988, Staff filed a Memorandum concerning the compliance of the tariffs with the Commission's Report And Order. On June 17, 1988, the Commission denied the motions. The Commission withheld final approval of the tariffs until Staff filed its final recommendation on June 27, 1988.

On June 27, 1988, the Communications Department Staff filed its final Memorandum concerning the tariffs filed to implement the Primary Toll Carrier Plan. Staff indicated that the problem concerning the 11 Secondary Carriers had been resolved. Staff included in its Memorandum an Attachment A, which is attached to this order and made a part of Ordered 1. Attachment A lists all the local exchange companies and their corresponding initial and subsequent filing dates for those filings pertaining to the Primary Toll Carrier Plan. Some of the subsequent filings listed on Attachment A requested substitution of replacement sheets for sheets previously filed, and some of the subsequent filings contained supplemental tariff sheets which added to the company's earlier filings. Staff states that it believes all matters concerning the tariffs have been finalized and the Staff recommends approval of the tariffs as listed on Attachment A.

The Commission has reviewed Staff's recommendations and has determined that the tariffs filed to implement the Primary Toll Carrier Plan should be approved as described by Staff and listed on Attachment A.

There are three points which the Commission has determined are unresolved by Staff's Memorandum, the oral argument and the parties' written pleadings. These

three points are: (1) the double reporting of 800 service, (2) the possible confusion caused by the definitions of "interexchange customer" and "interexchange carrier", and (3) the necessity of PTCs using a Carrier Access Billing System (CABS) type billing to impute revenue to themselves.

Staff's June 16 Memorandum recommended that the parties be given 60 days to address two of these issues and report back to the Commission. The Commission will adopt Staff's suggestion but will order all three issues be addressed by the parties. The Commission has determined that Case No. TO-88-205 should remain open to receive the report and for any additional proceedings necessary with regard to these issues.

It is, therefore,

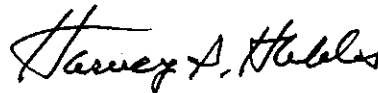

ORDERED: 1. That the tariffs as listed on Attachment A, filed to implement the Primary Toll Carrier Plan, are hereby approved to become effective July 1, 1988.

ORDERED: 2. That the parties shall file a report on September 1, 1988, concerning the resolution of the three issues as set out in this order. The report will be filed in Case No. TO-88-205.

ORDERED: 3. That a copy of this order shall be placed in Case No. TO-88-205.

ORDERED: 4. That this order shall become effective on the date hereof.

BY THE COMMISSION

Harvey G. Hubbs
Secretary
