ORDER APPROVING INTERIM RATES EFFECTIVE JANUARY 30, 1995

On January 13, 1995, Union Electric Company (Company) of St. Louis, Missouri filed tariff sheets reflecting changes in the Purchased Gas Adjustment (PGA) factors for two of its Missouri natural gas service areas as the result of changes in the cost of natural gas and the initiation of new refund factors. Additionally, the Transportation Service charges for both areas will change.

The area served by Panhandle Eastern Pipe Line Company will experience a net decrease in annualized revenues of approximately \$1,510,331. The area served by Texas Eastern Transmission Corporation will experience a decrease in annualized revenues of approximately \$508,840.

The Missouri Public Service Commission Staff (Staff) recommended the tariff sheets submitted in this filing be approved interim subject to refund pending a final Commission decision in Case No. GR-94-123, the Company's 1993-1994 Actual Cost Adjustment filing. Staff is also of the opinion that the filing complies with the Company's current PGA clause.

After considering Staff's recommendation and for good cause shown pursuant to Section 393.140(11) RSMo 1986, the Commission is of the opinion that the proposed tariff sheets should be approved to become effective on and after the requested effective date, January 30, 1995, interim subject to refund.
