Adjustment factors to be audited in its 1994-1995 Actual) Case No. GR-94-353
Cost Adjustment.)

ORDER APPROVING INTERIM RATES EFFECTIVE AUGUST 26, 1994

On August 11, 1994, Union Electric Company (Company) filed tariff sheets reflecting changes in the Purchased Gas Adjustment (PGA) Factors for two of its Missouri natural gas service areas as the result of changes in the cost of natural gas. Additionally, the Transportation Service charges for both areas will change.

The area served by Natural Gas Pipeline Company of America will experience a net decrease in annualized revenues of approximately \$49,000. The area served by Texas Eastern Transmission Corporation will experience a net increase in annualized revenues of approximately \$95,000.

The Missouri Public Service Commission Staff (Staff) recommended the tariff sheets submitted in this filing be approved interim subject to refund pending final Commission decisions in Case Nos. GR-93-106 and GR-94-123, the Company's 1992-1993 and 1993-1994 ACA filings, respectively. Staff is also of the opinion that the filing complies with the Company's current PGA tariff sheets.

After considering Staff's recommendation and for good cause shown pursuant to Section 393.140(11) RSMo 1986, the Commission is of the opinion that the proposed tariff sheets should be approved to become effective on and after the requested effective date, August 26, 1994, interim subject to refund.

IT IS THEREFORE ORDERED:

1. That the following tariff sheets submitted August 11, 1994, by Union Electric Company of St. Louis, Missouri, for the purpose of reflecting changes in rates in two of its Missouri natural gas service areas be, and the same are, hereby authorized to become effective on and after August 26, 1994, interim subject to refund.
