CASE NO. TA-88-260

ORDER APPROVING TARIFFS

On March 23, 1989, United Telephone Long Distance Company of the Midwest (UTLD) submitted tariffs pursuant to the Commission's Report and Order issued herein February 21, 1989. The Commission's Staff (Staff) recommended approval of these tariffs and the Commission issued an order approving them March 30, 1989.

The tariffs approved by the Commission March 30, 1989, contained provisions for operator services. It is currently the position of the Staff that it will not recommend tariff proposals containing operator services for approval by the Commission until the Commission renders its decision in Case No. TA-88-218, et al. Through an oversight, the Staff recommended approval of the entire tariffs submitted by UTLD on March 23, 1989, even though they contained provisions for operator services.

In recognition of these facts, UTLD voluntarily submitted revisions to its approved tariffs to delete the provisions for operator services within the State of Missouri. Staff has reviewed these proposed revisions and concludes that they remove all reference to the provision of such operator services. Therefore, Staff recommends that the Commission approve these proposed tariff revisions as soon as possible for service rendered on and after the date hereof.

The Commission determines that the proposed tariff revisions submitted April 4, 1989, by UTLD removing reference to the provision of operator services should be approved.

It is, therefore,

ORDERED: 1. That the tariff sheets submitted by United Telephone Long Distance Company of the Midwest on April 4, 1989, proposing to delete rates, rules and regulations for the provision of operator services within the State of Missouri, are approved hereby for service on and after the date hereof.

ORDERED: 2. That this order shall become effective on the date hereof.
