Eric Harrison

We have two furnaces in our house. My mom has kept one of the furnaces for the upstairs turned off all year. We also closed off rooms that we were not using and we bundled up with blankets at night. She said this was to save energy.

While she was out of town in November and in February for conventions, I stayed with Miss Holly. Mom turned the heat down to 50 degrees since we were not at home.

Mark Harrison

I live in Virginia and visited my son at #40 Gateview Court during the following winter dates:

November 21-24

December 21-31

February 15-18

March 21-29

During every visit Cyndi had the top floor furnace turned off, vents and doors closed in the basement, towels at the base of the exit doors, vents and doors closed in upstairs rooms that were not being used.

WITNESS STATEMENT

Holly and Thomas Putnam

We moved to #40 Gateview Court on August 1, 2007 from Wichita, Kansas. We stayed with Cyndi and Eric while our house was being built. We closed and moved to our new home on November 8th. During our stay with Cyndi, she kept one furnace turned off, closed off rooms that were not being used, and reduced the heat to 50 degrees whenever Eric stayed with us while she was out of town.

Grace TURNBILL - WAS employed at T.R. Hughes
in 2007.

In or about April 2007, I contacted Laclede
Gas Co. regarding the adjusted bill (to ~~the~~ March 27, 2007),
for 40 Gateview Court. I was informed that meter
readers were no longer being used in our community.
I was told that meters were now read by satellite
and that the satellite system was inoperable.

Witness StatementSUSAN (Cox) Rutledge

I live at 313 Gateview Drive, 2 lots down from Dr. Harrison. On or about April 16, 2007, Cyndi (Dr. Harrison) inquired about my gas bill. Cyndi shared her gas bill of \$803. and asked to see mine. I shared my bill of \$13 with her.
