Kenneth Jaeger and)	
Blue Lagoon Sewer Corp.,)	
)	
Respondents.)	

SIXTH STATUS REPORT

Comes now the Staff of the Missouri Public Service Commission and for its *Sixth Status Report*, states to the Missouri Public Service Commission as follows:

1. On June 18, 2005, the Commission issued an *Order Directing Filing*, wherein it ordered that the Staff file a status report concerning the implementation of the Ralls County Circuit Court *Judgment and Order of Preliminary Injunction against Defendant Ken Jaeger* in State of Missouri ex rel. Jeremiah W. (Jay) Nixon, the Missouri Clean Water Commission and the Missouri Department of Natural Resources v. Ken Jaeger, Case No. CV805-12cc.

2. Staff contacted the Missouri Department of Natural Resources (DNR) staff and can report the following:

a. The period for submitting a preliminary engineering report to DNR by Ken Jaeger (Respondent) was extended to August 4, 2005. This extension was by agreement of all parties and was due to differences of opinion regarding technical issues between DNR and the engineers hired to prepare said report. That the review of said engineering report is ongoing and there is some disagreement over technical issues regarding the amount of water that will need to be land applied. There also appears to be

an issue within DNR regarding the identification of a continuing authority and its impact on ultimate approval of the engineering report and permitting.

b. That the Respondent has been performing all lagoon pump down, operations and maintenance of the system to the satisfaction of DNR.

WHEREFORE, the Staff submits its *Sixth Status Report* to the Commission.

Respectfully submitted,

DANA K. JOYCE
General Counsel

/s/ Mary E. Weston
