1. Because of the reasonable dissatisfaction of the Committee with grading plans, location of the proposed improvement on a lot, finished ground elevation, color scheme, finish, design proportions, architecture, shape, height or style of the proposed improvement, the materials used therein, the kind, pitch or type of roof proposed to be placed thereon; or,

2. If, in the judgement of a majority of the Committee reasonably exercised, the proposed improvement will be incongruous with the development, or with the improvements erected on other lots.

D. Rules and regulations. The Committee shall, from time to time, adopt written rules and regulations of general application governing its procedures which shall include, among other things, provisions for the form and content of applications; required number of copies of plans and specifications; provisions for notice of approval or disapproval, including a reasonable time period for approval by reason of failure to disapprove; etc.

E. Variances. The Committee may grant reasonable variances or adjustments from the provisions in this Declaration where literal application thereof results in unnecessary hardship and if the granting thereof will not be materially detrimental or injurious to Owners of other lots.

F. Certification of compliance. At any time prior to completion of construction of an improvement, the Committee

may require a certification, upon such form as it shall furnish, from a licensed surveyor that such improvement does not violate any set-back rule, ordinance or statute, nor encroach upon any easement or right-of-way of record.

G. Administrative fees. As a means of defraying its expenses, the Committee may institute and require a reasonable filing fee to accompany the submission of plans and specifications, to be not more than one-fourth of 1% of the estimated cost of the proposed improvement, subject to a minimum fee of Twenty-five Dollars (\$25.00). No additional fee shall be required for resubmissions.

H. Liability. Notwithstanding the approval by the Committee of plans and specifications or its inspection of the work in progress, neither it, the Developer, the Association, nor any person acting in behalf of any of them shall be responsible in any way for any defects in any plans or specifications or other material submitted to the Committee, nor for any defects in any work done pursuant thereto. Each person submitting such plans or specifications shall be solely responsible for the sufficiency thereof and the adequacy of improvements constructed pursuant thereto.

I. Appeals. Any application shall have the right to appeal to the Board from any decision of the Committee within thirty (30) days after entry of such decision.

V. Basements.

A. Reservations. The following easements over each lot or parcel and the right to ingress and egress to the extent reasonably necessary to exercise such easements, are reserved to the Developer and its licensees:

1. Utilities. A ten foot (10 ft.) wide strip running along the inside of all lot lines except those lot lines coincident with street right-of-way lines, in which case such strip shall be twenty feet (20 ft.) wide, for the installation, maintenance and operation of utilities, including radio and TV transmission cables, and the accessory right to locate guy wires, braces or anchors or to cut, trim or remove trees and plantings wherever necessary upon such lots in connection with such installation, maintenance and operation. An easement is retained for the purpose of locating, constructing, operating, and maintaining sanitary sewer lines and all necessary appurtenances, across all lots at locations deemed necessary by Four Seasons Lake Sites, Inc. for the construction, operation, and maintenance of a sanitary sewer system. Said easement shall consist of a temporary easement 50 ft. wide laying 25 ft. either side of the centerline of the sewer line located as deemed necessary by Four Seasons Lake Sites, Inc. Upon completion of construction, the temporary construction easement is automatically vacated and a permanent easement 10 ft wide laying 5 ft. either side of the centerline of the sewer as constructed shall be retained. Said easements shall consist of the right to ingress and egress to the

basement across the hereinafter described lots, together with the right to trim, cut, or remove any trees or vegetation necessary to accomplish the above stated purpose. Subsequent owners of the hereinafter described property shall have no cause of action against seller, or its licensees, successors, heirs, or assigns, either at law or in equity by reason of any damage caused to said property in the location, construction, operation, or maintenance of the sanitary sewer lines, except in case of gross negligence.

2. Shoreline maintenance. A fifty foot (50 ft.) wide strip running along the inside of all lot lines coincident with the shoreline of lake or the ditches or any water-course in the Development for the purpose of shoreline maintenance.

3. Slopes and drainage. A thirty foot (30 ft.) wide easement running along the inside of all lot lines coincident with street right-of-way lines for the purpose of cutting, filling, drainage and maintenance of slopes and drainage courses.

4. Other easements. Any other easements shown on the Plat or which are otherwise of record.

5. Use of maintenance by Owners. The areas of any lots affected by the easements reserved herein shall be maintained continuously by the owner of such lot, but no structures, plantings or other material shall be placed or permitted to remain or other activities undertaken thereon which may damage or interfere with the use of said easements for the purpose herein set forth.

Improvements within such areas shall be maintained by the owner except those for which a public authority or utility company is responsible.

C. Liability for use of easements. No owner shall have any claim or cause of action against the Developer or its licensees arising out of the exercise or non-exercise of any easement reserved hereunder or shown on the plat except in cases of willful or wanton misconduct.

VI. Four Seasons Lakeside Property Owners Association, Inc.

A. General. The Association is or will be a Missouri not-for-profit corporation organized to further and promote the common interest of property owners in the Development. The Association shall have such powers in the furtherance of its purposes as are set forth in its Articles and by-laws.

B. Membership.

1. Classes of members. There shall be members and associate members.

2. Members. Each owner shall, by reason of ownership, become a member of the Association.

There shall be one voting member for each lot regardless of the number of persons who may have an ownership interest in such lot or the manner in which title is held by them and regardless of the number of lots in which any person may have

an ownership interest. If more than one person shall have an ownership interest in any lot, the voting member shall be designated in writing at the request of the Association.

3. Associate members. If not otherwise a member, each of the following shall be associate members in the Association:

a. The spouse and children of a member who have the same principle residence as the member.

b. Persons who may be tenants or regular occupants of residences situated within the Development.

c. Persons who by virtue of contractual agreements with the Developer are entitled to membership in the Association.

C. Rights, privileges and obligations. The rights, duties, privileges and obligations of membership in the Association, including voting rights, are as set forth in the Articles and By-Laws.

D. Assessments.

1. Generally. Pursuant to the powers granted to it in its Articles and By-Laws, the Association shall have the power to levy annual assessments against all lots in the Development. Such annual assessment shall be not less than One Hundred Twenty Dollars (\$120.00) for each lot but may be in a greater amount if so determined by the Board after consideration of the current maintenance needs and future needs of the Association.

Provided, however, that no such charge or assessment shall ever be made against the Developer, the Association itself, or any lots owned by them.

1. Collection and Lien. The amount of the assessment levied by the Association shall be paid to it on or before the date fixed by resolution of the Board. If not so paid, the amount of such assessment, plus any other charges thereon, including interest at the maximum limit provided by law per annum from date of delinquency and costs of collection, including attorneys' fees, if any, shall constitute and become a lien on the lot so assessed when the Board causes to be recorded in the office of the appropriate County Recorder of Deeds, a notice of assessment which shall state the amount of such assessment and such other charges and a description of the lot which has been assessed. Such notice shall be signed by the Secretary of the Association on behalf of the Association. Upon payment of said assessment and charges, or other satisfaction thereof, the Board shall, within a reasonable time, cause to be recorded a further notice stating the satisfaction and the release of said lien.

2. Priority of Lien. Conveyance of any lot shall not affect any lien for assessments provided herein. Such lien shall be prior to all other liens recorded subsequent to said notice of assessment except that liens of first trust deed incurred

either for the purpose of construction of improvements or for the purchase of the lot and which are recorded in accordance with applicable law shall be superior to any and all assessment liens provided for herein.

4. Enforcement. The lien provided for herein may be foreclosed by suit by the Association in like manner as a mortgage and, in such event, the Association may be a bidder at the foreclosure sale. The Association may also pursue any other remedy against any owner owing money to it which is available to it by law or equity for the collection of debt.

5. Proof of payment. Upon request, the Association shall furnish a statement certifying that all assessments then due have been paid or indicating the amount then due.

6. Suspension. The Association shall not be required to transfer memberships on its books or to allow the exercise of any rights or privileges of membership on account thereof to any owner or to any persons claiming under them unless or until all assessments and charges to which they are subject have been paid.

VII. Provisions with respect to disposal of sanitary sewage. No outside toilet shall be permitted. No sanitary waste shall be permitted to enter the lake and all sanitary installations must conform with the recommendations of the developer, its successors and assigns, and the County and State Boards of Health. Lot owners

who desire to build before sewers are completed to their lots may use septic tanks and tile fields until sewers have been completed to their lots. Upon completion of the sewer system to these lots use of the septic tanks and the tile fields must be discontinued and connection made to the sewer system.

VIII. Central sewage disposal system and water works system. The Owner of each lot agrees to pay to the owner or owners of the sewage disposal system and water works system to be constructed within the development, a minimum monthly availability charge for water, water service and the accommodations afforded the owners of said lots by said water works system, commencing upon the availability of water in a water works system distribution main provided for the lot and continuing thereafter so long as water is available for use, whether or not tap or connection is made to a water works system distribution main and whether or not said owner actually uses or takes water; and, a minimum monthly availability charge for sewage disposal and treatment and the accommodations afforded the owners of said lots by said sewage disposal system commencing upon the availability for use of a sewage collection main provided for the lot which leads to an operating sewage treatment facility, and continuing thereafter so long as such sewage collection main is so available for use, irrespective of whether or not connection is made to or

use made of said sewage collection main in connection with or for the purposes of any said lot. No charge will be made to the lot owners for the right to connect to the sewer and/or water system. Each lot owner will bear the cost of the service line from his building into the sewer and/or water main. The said owner or owners of said water works system and sewage disposal system will be a privately owned public utility authorized by a Certificate of Public Convenience and Necessity issued by the State of Missouri Public Service Commission to operate sewage disposal systems and/or water works systems, the aforesaid amounts of said availability charges, times and methods of payments thereof by said owners and other matters shall be as provided in Schedules of Rates and Rules, Regulations and Conditions of Services for Water Services and for Sewer Service filed and published by said public utility or utilities with said Missouri Public Service Commission, or any successor regulatory body of the state of Missouri, in accordance with law and passed to file or formally approved by said Commission as the then effective Schedule of Rates and Rules, Regulations and Conditions of Service of said public utility or public utilities. The amounts of said availability charges and other charges are subject to change hereafter by order of the said Missouri Public Service Commission or its successors in accordance with then existing law and the structure of said availability charges are likewise and in the

same manner subject to change from availability rates to another type of rate or rates. Unpaid charges shall become a lien upon the lot or lots to which they are applicable as of the date the same become due. Nothing in this paragraph shall be construed as a limitation on the rights of any such public utility to sell and assign in accordance with law its property and assets to a governmental subdivision of the State of Missouri. Prior to the construction of the central water system lot owners who wish to build at that time may drill individual wells. Upon completion of the central water system serving these lots the use of individual wells must be discontinued and connection must be made to the central water system. Individual wells will be prohibited after completion of the central water system.

III. Annexation.

A. Property to be annexed. Declarant may, from time to time and in its sole discretion, annex to the Development any other real property owned by Declarant which is contiguous or adjacent to or in the immediate vicinity of the Development.

B. Manner of annexation. Declarant shall effect such annexation by recording a Plat of the real property to be annexed and by recording a Supplemental Declaration which shall:

1. Describe the real property being annexed and designate the permissible uses thereof;

2. Set forth any new or modified restrictions or covenants which may be applicable to such annexed property, including limited or restrictive uses of Common Areas; and,

3. Declare that such annexed property is held and shall be held, conveyed, hypothecated, encumbered, leased, rented, used, occupied and improved subject to the provisions of this Amended Declaration. Upon the recording of such Plat and Supplemental Declaration, the annexed area shall become a part of the Development and shall be subject to the provisions hereof as supplemented, as fully, as if such area were part of the Development on the date of recording of this Amended Declaration.

X. Remedies.

A. Enforcement. Declarant and each person to whose benefit this Declaration inures, including the Association, may proceed at law or in equity to prevent the occurrence, continuation or violation of any provision of this Declaration, and the court in such action may award the successful party reasonable expenses in prosecuting such action, including attorneys' fees.

B. Suspension of privileges. The Board may suspend all voting rights and all rights to use the Association's Common Areas of any owner for any period during which any Association assessment against such owner remains unpaid, or during

the period of any continuing violation of the provisions of this Declaration by such owner after the existence thereof has been declared by the Board.

C. Cumulative rights. Remedies specified herein are cumulative and any specifications of them shall not be taken to preclude an aggrieved party's resort to any other remedy at law or in equity. No delay or failure on the part of an aggrieved party to invoke an available remedy in respect of a violation of any provision of this Amended Declaration shall be held to be a waiver by that party of any right available to him upon the recurrence or continuance of said violation or the occurrence of a different violation.

XI. Grantee's Acceptance. Each grantee or purchaser of any lot or parcel shall, by acceptance of a deed conveying title thereto, or the execution of a contract for the purchase thereof, whether from Declarant or a subsequent owner of such lot or parcel, accept such deed or contract upon and subject to each and all of the provisions of this Amended Declaration and to the jurisdiction, rights, powers, privileges and immunities of Declarant and of the Association. By such acceptance such grantee or purchaser shall for himself, his heirs, devisees, personal representatives, grantees, successors and assigns, lessees and/or lessors, covenant, consent and agree to and with

Declarant and the grantee or purchaser of each other lot to keep, observe, comply with and perform the covenants, conditions and restrictions contained in this Declaration.

XII. Suspension of Restrictions. The provisions on improvements, use and occupancy set forth herein shall be suspended as to any lot, parcel or other area while and so long as the same is owned by or leased to the State of Missouri or any governmental agency, public or private utility, whenever and to the extent, but only to the extent, that such provisions shall prevent the reasonable use of such lot, parcel or area for said purposes. On cessation of such use, such provisions shall become applicable again in their entirety. While owning or leasing and using, such owner shall have no rights as a member of the Association, nor shall it be liable for any Association assessments.

XIII. severability. Every provision of this Declaration is hereby declared to be independent of and severable from every other provision hereof. If any provision hereof shall be held by a court of competent jurisdiction to be invalid, or unenforceable, all remaining provisions shall continue unimpeded and in full force and effect.

XIV. Captions. Paragraph captions in this Declaration are for convenience only and do not in any way limit or amplify the terms of provisions hereof.

XV. Term and Amendment. The provisions of this Declaration shall affect and run with the land and shall exist and be binding upon all parties claiming an interest in the Development until January 1, 1991, after which time the same shall be extended for successive periods of ten (10) years each. This Declaration may be amended by the affirmative vote of two-thirds (2/3) of the Owners of all lots in the Development entitled to vote an amendment to this Declaration duly executed by:

- A. The requisite number of such Owners required to effect such amendment or;
- B. By the Association, in which latter case such amendment shall have attached to it a copy of the resolution of the Board attesting to the affirmative action of the requisite number of such Owners to effect such amendment, certified by the Secretary of the Association.

IN WITNESS WHEREOF, the undersigned, being the authorized officers of the Declaran herein, has hereunto set its hand and seal this 10th day of March, 1941.
