Case No. TO-2000-360

RESPONSE TO NOTICE OF DEFICIENCY

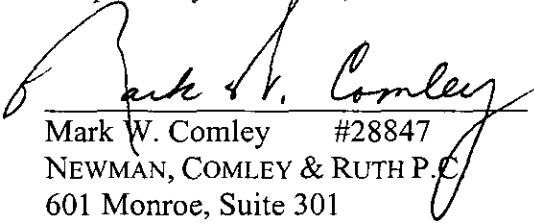

On December 14, 1999 the Commission notified Trans National Telecommunications, Inc. (hereinafter "Applicant" or "Trans National") of a deficiency in its application in this matter, advising that the application lacked a statement of the character of the Applicant's business. In response to the notice, and in supplementation of its application herein, Applicant submits this separate pleading, and the following, in compliance with 4 CSR 240-2.060(1)(B):

With respect to the nature and character of Applicant's business, Trans National is a prepaid local exchange service provider currently operating in the state of Texas. The company has applied for similar certificate of service authority in Kansas, Missouri, Arkansas, and Oklahoma. The company expects to receive authority in Florida by the end of the year. The company is not currently providing service in Missouri but by its application proposes to offer prepaid local exchange service in this state.

WHEREFORE, having set forth its supplement to its application, Applicant requests that the Commission set aside its Notice of Deficiency.

Respectfully submitted,

By:
