

BEFORE THE PUBLIC SERVICE COMMISSION OF THE

STATE OF MISSOURI

In the matter of the application of Missouri)
Power & Light Company for a Certificate)
of Convenience and Necessity to construct,)
operate and maintain a new 69,000 volt)
electric line and a new 69,000/12,500 volt)
substation in Cole County, Missouri.)

Case No. EA-79-176

APPLICATION FOR CERTIFICATE OF CONVENIENCE AND NECESSITY

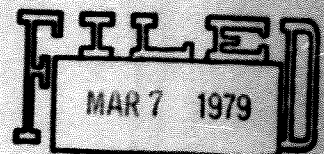

Comes now Missouri Power & Light Company, hereinafter referred to as "Applicant," and in support of its application for permission and authority under Section 393.170 RSMo 1969, to construct, operate and maintain a new 69,000 volt electric line and a new 69,000/12,500 volt substation in Cole County, Missouri, respectfully states that:

1. Applicant is a corporation duly organized and existing under and by virtue of the laws of the State of Missouri, with its principal office at 101 Madison Street, Jefferson City, Missouri. Applicant is engaged as a public utility, subject to the jurisdiction of this Commission, in rendering electric and gas service in various municipalities and counties, all in the State of Missouri.

2. Communications in regard to this application should be addressed to:

Mr. David C. Harrison, President
Missouri Power & Light Company
P.O. Box 780
Jefferson City, Missouri 65102

Mr. Norman G. Curtright
General Attorney
Missouri Power & Light Company
P.O. Box 780
Jefferson City, Missouri 65102

PUBLIC SERVICE COMMISSION

3. Applicant desires to construct, operate and maintain a new 69,000 volt electric line and a new 69,000/12,500 volt substation in Cole County, Missouri.

4. The construction of said line and substation will be financed with funds from the treasury of the Applicant and unsecured short-term bank loans. Subsequently, Applicant will fund the unsecured bank loans through the issue and sale of stock, mortgage bonds, or other form of permanent financing, subject to the approval of this Commission. The cost will be approximately \$180,000.

5. Attached hereto and made a part hereof is Drawing No. C-7896, marked Exhibit No. 1, which fully sets forth the location of the proposed construction.

6. The construction of the proposed line and substation will conform to all requirements of the National Electrical Safety Code and the Missouri Public Service Commission.

7. The proposed construction is required to provide needed additional electrical power to serve expanding commercial, industrial and residential electrical loads served by the Company both inside and outside the west city limits of Jefferson City, Cole County, Missouri, and is therefore in the public interest.

8. Attached hereto and made a part hereof, marked Exhibit No. 2, is a copy of the Order of the County Court of Cole County, Missouri, authorizing Applicant to erect, operate and maintain power lines over, along and across the roads of said county.

9. There are no other utility or communication facilities which will be affected by the proposed construction.

10. Attached hereto and made a part hereof, and marked Exhibit No. 3, is a description of the location of the proposed construction.

WHEREFORE, Applicant prays that the Missouri Public Service Commission grant permission to construct, operate and maintain a new 69,000 volt electric line and a new 69,000/12,500 volt substation in Cole County, Missouri, and to issue to Missouri Power & Light Company a Certificate of Convenience and Necessity for so doing.

MISSOURI POWER & LIGHT COMPANY

STATE OF MISSOURI)
COUNTY OF COLE) S

954
County Court of Cole
County, Missouri.

On the 5th day of November 1926, the following among
other, proceedings were had, to-wit:-

In the matter of the application of the Missouri Power
& Light Company to build transmission lines along the public high-
ways of Cole County, Missouri.

Now on this day comes the Missouri Power & Light Com-
pany, a Missouri Corporation, and presents a petition praying the
court to grant said Company, its successors, and assigns, the right
and privilege to erect poles, guys and supports, and string conductors,
along the public roads and highways of Cole County, Missouri; and to
do and perform such other acts and things as may be necessary for
the transmission of electric current from its power stations at Jef-
ferson City, Missouri, and from other places and locations, for
public use in the municipalities and rural communities of said Cole
County, and the Court having examined said petition, and being fully
advised concerning the same, orders that the prayer of the petitioner
be granted; and the said Missouri Power & Light Company, its successors
and assigns are hereby granted the right to erect poles, guys and sup-
ports, and string conductors, along the public roads of Cole County,
Missouri, and to do and perform such other acts and things as may be
necessary for the transmission of electric current from its power
station at Jefferson City, Missouri, or other sources of supply;
provided, however, that said transmission lines shall be so constructed
that they will in no way interfere with the public use of the roads
of this County, or the safety of the public.

Filed and approved in Open Court
This 6th day of November, 1926
Henry B. Bode Presiding Judge
(signed)

Rodger M. English, hereby certify the above and fore-
going to be a true copy of the proceedings of the County Court, on the
day and year above written.

In testimony whereof, I have hereunto set my hand and affixed
my official seal this 8th day of Dec 1926 at
Jefferson City, Mo.

Rodger M. English
Notary Public

My term expires Dec 12, 1927

Description of Location of the Proposed Construction

Begin at an existing transmission line on the west line of the Northwest quarter of Section 17, Township 44 North, Range 12 West, Cole County, Missouri, at a point that is 198 feet North of the Southwest corner of said Northwest quarter, thence in a southwesterly direction along public road known as Festival Road for a distance of 3,320 feet to the proposed substation which is to be located in the Northwest corner of the Northeast quarter of the Southwest quarter of said Section 17.
