**ORDER APPROVING INTEREXCHANGE CERTIFICATE OF SERVICE AUTHORITY**  
**AND ORDER APPROVING TARIFF**

Glyphics Communications, Inc. (Glyphics) applied to the Public Service Commission on March 30, 1999, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under Section 392.440, RSMo 1994<sup>1</sup>. Glyphics asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by Sections 392.361 and 392.420. Glyphics is a Utah corporation, with its principal office located at 66 East Wadsworth Park Drive, Suite 200, Draper, Utah 84020.

The Commission issued a Notice of Applications for Intrastate Certificates of Service Authority and Opportunity to Intervene on April 13, 1999, directing parties wishing to intervene to file their requests by April 28, 1999. The requirement for a hearing is met when the opportunity for hearing has been provided and no proper party has requested the opportunity to present evidence. State ex rel.

Rex Deffenderfer Enterprises, Inc. v. Public Service Commission,  
776 S.W.2d 494, 496 (Mo. App. 1989). Since no one has asked  
permission to intervene or requested a hearing, the Commission may  
grant the relief requested based on the verified application.

Glyphics filed a proposed tariff in conjunction with its  
application with an effective date of May 14, 1999. Glyphics' tariff  
describes the rates, rules, and regulations it intends to use,  
identifies Glyphics as a competitive company, and lists the waivers  
requested. Glyphics intends to provide interexchange  
telecommunications services, including 1+, 800/888/877, and directory  
assistance services.

In its Memorandum filed on May 14, 1999, the Staff of the  
Commission stated that Glyphics' proposed services are similar to  
existing IXC offerings. Staff recommended that the Commission grant  
Glyphics a certificate of service authority, competitive status, and  
waiver of the statutes and rules listed in the Notice. Staff  
recommended that the Commission approve the proposed tariff to become  
effective on May 14, 1999.

The Commission finds that competition in the intrastate  
interexchange telecommunications market is in the public interest and  
Glyphics should be granted a certificate of service authority. The  
Commission finds that the services Glyphics proposes to offer are  
competitive and Glyphics should be classified as a competitive  
company. The Commission finds that waiving the statutes and  
Commission rules set out in the ordered paragraph below is reasonable  
and not detrimental to the public interest.

The Commission finds that Glyphics' proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers. The Commission finds that the proposed tariff filed on March 30, 1999 should be approved to become effective on May 14, 1999.

**IT IS THEREFORE ORDERED:**

1. That Glyphics Communications, Inc. is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to all applicable statutes and Commission rules except as specified in this order.
