Dear Ms Hawley:

This letter is in response to your six letters, received by Rolla Municipal Utilities (RMU) on February 5, 2008, requesting documents under the state "Sunshine Law". My responses are as follows:

Request For Clarification Of Fees On A Previous RMU Response

As previously stated, November 21, 2007, RMU is unable to query, format and provide the information requested. However, our software vendor Sungard HTE may be able to provide the information at the an estimated cost of \$800 per report. This is all the available information that I have concerning this request.

Request For RMU's Investment Policy

RMU's investment policy is stated on all investment bid documents. A copy of this one page document is attached at no charge.

Request For Review Of The 2007 Customer Survey Discussed At The January Board Meeting

The survey presentation is available for review at the RMU Business Office. Please call to schedule a time to review this document or you may also view it from our web site, under News/Notes, at www.rollamunicipalutilities.org.

Request For FY07 Service Availability Fees By Class And By Specific Fixed Costs

FY07 service availability fees are available by customer class as requested. The estimated cost for the available records will not exceed \$4. There are no records available for FY07 specific fixed costs of service availability fees as requested.

Request For Copy Of The 2007 R. W. Beck Report

Per section 610.021 of the state "Sunshine Law", the R. W. Beck report holds a closed record status and is not available for public review. Full disclosure would impair our ability to protect the safety or health of persons. The public interest in non-disclosure outweighs the public interest in disclosure. A copy of the R. W. Beck Board Presentation is available. The copy cost for this document will not exceed \$2.

Request For Copy Of The RMU Certificate of Exemption

RMU's certificate of exemption, issued under 144.030.1 RSMo, is attached at no charge.

Please contact me if you would like to proceed with any of the available copies and I will have the information compiled, at which time I will contact you with the actual cost and date of availability.

Sincerely,

ROLLA MUNICIPAL UTILITIES

Dear Ms Hawley:

This letter is in response to your three letters received by RMU on March 18th requesting documents under the state "Sunshine Law". My responses are as follows:

Request for a listing of specific titles and report numbers for all monthly and quarterly reports generated by RMU Management for RMU Board and Management review

There are no records available in our files for specific titles and report number listings as requested.

Request for a redacted copy of the 2007 R. W. Beck Power Needs Report

As previously stated, per section 610.021 of the state "Sunshine Law", the R. W. Beck report holds a closed record status and is not available for public review. Full disclosure would impair our ability to protect the safety or health of persons. The public interest in non-disclosure outweighs the public interest in disclosure. A copy of the R. W. Beck Board Presentation is available. The estimated cost for this document will not exceed \$2.

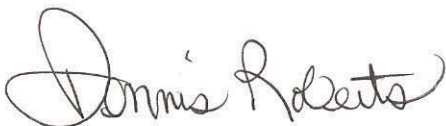

Request for a standing order, through 2008, for a complete copy of all documents in Board packets for monthly RMU Board meetings

This request is for documents that are not available in our files. It is impossible for me to give a cost estimate on future Board packets where the documents do not currently exist. If the open session documents that are available on our web site are not sufficient for your needs, you will need to send a monthly request for packet documents. This request will need to be made after the packet documents are created and available for copy. A cost estimate would be made available at that time.

Please contact me if you would like to proceed with copies on the R. W. Beck Board Presentation and I will have the information compiled, at which time I will contact you with the actual cost and date of availability.

Sincerely,

ROLLA MUNICIPAL UTILITIES
