3. By this Application, Applicant seeks authority to offer and provide basic local telecommunications service on a facilities-based and resold basis to customers throughout all the exchanges currently served by: (1) Southwestern Bell Telephone, L.P., d/b/a SBC Missouri (SBC), formerly known as Southwestern Bell Telephone Company (SWBT); (2) Sprint Missouri, Inc., (Sprint); (3) CenturyTel of Missouri, LLC (CenturyTel); and (4) Spectra Communications Group, LLC (Spectra). The specific SWBT, Sprint, CenturyTel and

Spectra exchanges within which Applicant proposes to offer service are listed in the local exchange tariffs of the respective incumbent local exchange providers. Applicant's proposed service areas will follow the respective exchange boundaries of the stated incumbent LECs and shall be no smaller than an exchange as required by Section 392.455(3) RSMo. Applicant may seek authorization to provide service in exchanges served by other incumbent LECs in a subsequent proceeding.

4. Applicant proposes to offer and provide all forms of basic local telecommunications service, including (but not limited to): (1) Basic Exchange Services, including local exchange flat rate, measured rate service, pre-paid local exchange, operator services, etc; (2) Custom and Class Features, including call waiting, caller ID, call forwarding, etc.; and (3) Ancillary Services such as 911, directory listing, and directory assistance.

5. Applicant possesses the technical and managerial expertise and experience necessary to provide the services it proposes as required by Section 392.455(1) RSMo Supp. 1997. In addition, the background and experience of Applicant's management is attached hereto as **Exhibit B**.

6. Applicant possesses the necessary financial qualifications to provide the services it proposes as required by Section 392.455(1) RSMo Supp. 1997 and has the necessary capital to conduct its proposed operations in Missouri. Applicant will late-file its recent financial statements **Exhibit C**. Applicant is seeking a Protective Order from the Commission to enable it to file such statements under seal.

7. Pursuant to this Application, Applicant also seeks classification of itself and its new basic local telecommunications service offerings as competitive, with accompanying reduced regulation pursuant to Sections 392.361 RSMo and 4 CSR 240-3.510(1)(A). Applicant believes that its proposed services will be subject to sufficient competition to justify a lesser degree of regulation and that granting this request will allow greater price and service options for telephone users.

8. Applicant will offer basic local telecommunications service as a separate and distinct service in accordance with Section 392.455 RSMo. Applicant will give consideration to equitable access for all customers in Missouri, without regard to their income or where they might reside, to affordable telecommunications services in Applicant's proposed service areas in accordance with Section 392.455(5) RSMo.

9. Applicant is willing to comply with all applicable Commission rules and is willing to meet all relevant service standards including, but not limited to, quality of service, billing, and tariff filing and maintenance. Consistent with the Commission's treatment of other certificated competitive local exchange telecommunications companies, Applicant requests that, at minimum, the following statutes and regulations for Applicant and its proposed basic local exchange service offerings be waived at this time:

Applicant will promptly file a tariff with a 45-day effective date as soon as possible.

11. Applicant herein states that there are no pending actions or final unsatisfied judgments or decisions against it in any state, federal agency, or court which involve customer service or rates for which action, judgment, or decision has occurred within three (3) years of the date of this Application.
