Generation Facility)

NOTICE THAT APPLICATIONS TO INTERVENE HAVE BEEN GRANTED

Issue Date: November 6, 2018

On October 22, 2018, Union Electric Company d/b/a Ameren Missouri filed an application with the Missouri Public Service Commission seeking an order granting a Certificate of Convenience and Necessity (CCN) pursuant to section 393.170, RSMo 2016. The CCN would authorize Ameren Missouri to construct, own, and operate a wind generation facility to be constructed in Atchison County, Missouri.

Rock Port R-1 School District; Tarkio R-1 School District; Atchison County, Missouri; the Missouri Industrial Energy Consumers (MIEC); the Natural Resources Defense Council; the Missouri Department of Conservation; the Missouri Department of Economic Development – Division of Energy; and Sierra Club filed timely applications to intervene. Those applications were taken up on the record at the procedural conference held on November 6, and no one opposed those applications. Each application to intervene was granted and the named entities are now parties to this case.

DeKalb County, Missouri also filed a timely application to intervene. Ameren Missouri filed written opposition to that application on November 5. The matter was taken up at the procedural conference and DeKalb County was allowed until November 9 to file a

written response to Ameren Missouri's opposition. The Commission will address DeKalb County's application to intervene in a subsequent order.
