**ORDER APPROVING INTEREXCHANGE CERTIFICATE OF SERVICE**  
**AUTHORITY AND ORDER APPROVING TARIFF**

INTELCOM, INC. (INTELCOM) applied to the Public Service Commission on June 23, 1999, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under Section 392.440, RSMo 1994<sup>1</sup>. INTELCOM filed an Amended Application on June 24. INTELCOM asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by Sections 392.361 and 392.420. Applicant is a Delaware corporation, with its principal office located at 5945 Wilcox Place, Suite B, Dublin, Ohio 43016-0205.

The Commission issued a Notice of Applications and Opportunity to Intervene on June 29, directing parties wishing to intervene to file their requests by July 14. The requirement for a hearing is met when the opportunity for hearing has been provided and no proper party has

requested the opportunity to present evidence. State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2d 494, 496 (Mo. App. 1989). Since no one has asked permission to intervene or requested a hearing, the Commission may grant the relief requested based on the verified application.

INTELCOM filed a proposed tariff in conjunction with its application and filed substitute sheets on June 24, July 22, July 23 and August 5. The tariff's effective date was extended at the request of INTELCOM and is now August 23. INTELCOM's tariff describes the rates, rules, and regulations it intends to use, identifies INTELCOM as a competitive company, and lists the waivers requested. INTELCOM intends to provide interexchange telecommunications services including 1+, 800/888/877, Debit Card and Travel Card services.

In its Memorandum filed on August 12, the Staff of the Commission (Staff) recommended that the Commission grant INTELCOM a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff as amended to become effective on August 23.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and INTELCOM should be granted a certificate of service authority. The Commission finds that the services INTELCOM proposes to offer are competitive and that INTELCOM should be classified as a competitive

company. The Commission finds that waiving the statutes and Commission rules set out in the ordered paragraph below is reasonable and not detrimental to the public interest.

The Commission finds that INTELCOM's proposed tariff details the services, equipment, and pricing it proposes to offer. The Commission finds that the proposed tariff filed on June 23 shall be approved as amended to become effective on August 23.
