**SUPPLEMENT TO APPLICATION**

Comes now Applicant Easy Telephone Service Company (“Applicant”), by its undersigned counsel, and to supplement its Application for Commission designation as an Eligible Telecommunications Carrier (“ETC”), states the following:

1. In consultation with Staff, the Applicant has learned that Staff believes that the Applicant should implement certain procedures with respect to customer qualification for low-income Universal Service Fund benefits, including Lifeline and Link-up subsidies. By this Supplement to its Application, the Applicant informs the Commission that it has agreed to Staff’s suggestions and will implement the procedures described in this pleading.

2. On a going-forward basis the Applicant will not allow Missouri customers to self-certify their eligibility for USF support, that is, customers will not be allowed to certify by themselves that they are participants in one or more of the programs whose participants are allowed to receive low-income USF benefits. Rather, the Applicant will certify that customers are participants in those programs which render them eligible for USF benefits.

3. On a going-forward basis the Applicant will have one of its representatives review the documentation submitted by prospective or existing customers for the purpose of demonstrating eligibility to receive low-income USF benefits. The representative will then sign the USF eligibility form to certify that the customer is eligible for USF benefits.

Wherefore, the Applicant requests that the Commission consider this Supplement in its determination to grant ETC status to the Applicant.

Respectfully submitted,

/s/ Mark P. Johnson
