ORDER AMENDING ORDER AND CLOSING DOCKET

On December 17, 1991 the Commission ordered United Cities Gas Company (United Cities), as part of its cast iron main and unprotected steel main replacement protection program, to file annual cast iron fracture reports with the Commission beginning October 1, 1992. On November 5, 1992 the Commission's Staff (Staff) filed its recommendation requesting an amendment to the original order and that the docket be closed. Specifically, the original order required fracture reports to be filed in this docket. United Cities complied with this order on October 26, 1992 by filing its fracture reports. Staff states that United Cities has shown an attitude of cooperation and accommodation regarding this case and has fully complied with the original order. Staff further states that no useful purpose is served by filing the fracture reports in this docket when submission to Staff in conjunction with the already required Department of Transportation (DOT) annual reports would suffice.

The Commission determines that Staff's recommendation is appropriate and will order United Cities to submit the fracture reports concurrently with the DOT annual reports.

**IT IS THEREFORE ORDERED:**

1. That Paragraph 2 of the original order of December 17, 1991 in this case is hereby amended so that United Cities Gas Company is relieved of the annual filing requirement stated therein and is ordered to submit annual cast

iron fracture reports to the Commission's Staff in conjunction with the already required Department of Transportation annual reports.

2. That this docket is hereby closed.

3. That this order shall become effective on the 20th day of November, 1992.
