CASE NO. TA-96-195

ORDER APPROVING INTEREXCHANGE CERTIFICATE OF SERVICE AUTHORITY AND
ORDER APPROVING TARIFF

S.V.V. Sales, Inc. d/b/a Arcada Communications (S.V.V.) applied to the Public Service Commission on December 15, 1995, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under § 392.440 RSMo 1994¹. S.V.V. asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by §§ 392.361 and 392.420. Applicant is a Washington corporation, with its principal office at 2001 6th Avenue, Suite 3210, Seattle, Washington 98121-2516.

The Commission issued a Notice and Schedule of Applicants on January 2, 1996, directing parties wishing to intervene in the case to do so by January 17, 1995. Since no one requested a hearing or permission to intervene, the Commission determines that no hearing is necessary. *State*

ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2d 494, 496 (Mo.App. 1989).

S.V.V. filed a proposed tariff at the time of its application, on December 15, 1995, and filed substitute sheets on January 23, 1996. The tariff's effective date was originally erroneously listed as February 1, 1995, but the effective date was corrected to February 1, 1996, by letter dated December 20, 1995. S.V.V.'s tariff describes the rates, rules, and regulations it intends to use, identifies S.V.V. as a competitive company, and lists the waivers requested. S.V.V. intends to provide interexchange telecommunications services including 1+ and 800 services.

In its Memorandum filed January 25, 1995, the Staff of the Commission stated that Applicant's proposed services are the same or equivalent to those classified as competitive in Case No. TO-88-142, *In re the investigation for the purpose of determining the classification of the services provided by interexchange telecommunications companies within the State of Missouri*, 30 Mo. P.S.C. (N.S.) 16 (September 1989). Staff recommended that the Commission grant Applicant a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. S.V.V. also requested waiver of 4 CSR 240-30.060(5)(B)-(O), records regarding ratemaking. Since 4 CSR 240-30.060(5)(B)-(O) was rescinded over two years ago, waiver thereof is unnecessary. Staff recommended that the Commission approve the tariff as amended, effective February 1, 1995.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and Applicant should be granted a certificate of service authority. The Commission finds that the services Applicant proposes to offer are competitive and Applicant should be classified as a competitive company. The Commission is of the opinion that waiving the statutes and Commission rules set out in Ordered Paragraph 2 is reasonable and not detrimental to the public interest.

The Commission determines, by authority of § 392.470, that Applicant should comply with the following regulatory requirements as reasonable and necessary conditions of certification:

- (1) Applicant must comply with reasonable requests by Staff for financial and operating data to allow Staff to monitor the intraLATA toll market. § 386.320.3.
- (2) Applicant must file tariffs containing rules and regulations applicable to customers, a description of the services provided, and a list of rates associated with those services in accordance with 4 CSR 240-30.010 and § 392.220.
- (3) Applicant may not unjustly discriminate between its customers. §§ 392.200, 392.400.
- (4) Applicant must comply with all applicable rules of the Commission except those specifically waived by this order. §§ 386.570, 392.360.

- (5) Applicant must file a Missouri-specific annual report.
§§ 392.210, 392.390.1.
- (6) Applicant must comply with jurisdictional reporting requirements as set out in each local exchange company's access services tariffs. § 392.390.3.
- (7) Applicant must submit to the staff, on a confidential basis, a copy of the jurisdictional report it submits to local exchange companies. The report must be submitted within ten (10) days of the date on which it is submitted to the local exchange company.

The Commission finds that S.V.V.'s proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers. The Commission finds that the proposed tariff filed on December 15, 1995, and amended on January 23, 1996, should be approved, effective February 1, 1996.

IT IS THEREFORE ORDERED:

1. That S.V.V. Sales, Inc. d/b/a Arcada Communications be granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to the conditions of certification set out above.

2. That S.V.V. Sales, Inc. d/b/a Arcada Communications be classified as a competitive telecommunications company. The following statutes and regulatory rules shall be waived:
