OF THE STATE OF MISSOURI

In the matter of Laclede Gas)
Company's PGA rate design.) Case No. GR-94-328

ORDER APPROVING TARIFF

On August 26, 1994, the Commission issued an order approving a joint recommendation filed by the parties in which various issues in this case were settled. As a result of that order, in which the parties agreed to the treatment of net transition costs billed by transportation pipelines to Laclede Gas Company (LGC), LGC was required to file tariffs in compliance with that order.

On September 19, 1994, LGC filed tariffs designed to comply with the Commission's order, with an effective date of October 1, 1994. On September 29, 1994, the Staff of the Commission filed its recommendation. The Staff stated that it has determined that the tariff sheets are in compliance with the Commission's order of August 26, 1994, and recommends approval of the tariffs.

The Commission has reviewed the tariffs and the Staff recommendation and finds the tariffs to be reasonable and in compliance with the Commission's order in this case. The tariffs will be approved for service on or after October 1, 1994.

IT IS THEREFORE ORDERED:

1. That the following tariff sheets, filed September 19, 1994, by Laclede Gas Company, are hereby approved for service on or after October 1, 1994.
