Mark P. Royer, Attorney, AT&T Communications, 1100 Main, Suite 1403, Kansas City, MO 64105 Jonie K.Ott, Assistant Public Counsel, PO Box 7800, Jefferson City, MO 65102

Enclosed find certified copy of ORDER in the above-numbered case(s).

Sincerely,

, D. Hebbs

Harvey G. Hubbs Secretary

uncertified copy:

STATE OF MISSOURI PUBLIC SERVICE COMMISSION

At a Session of the Public Service Commission held at its office in Jefferson City on the 16th day of June, 1987.

CASE NO. TR-87-156

In the matter of AT&T Communications of the Southwest, Inc.'s proposed intrastate private line restructure.

In the matter of the reduction of AT&T Communications of the Southwest, Inc.'s MTS, WATS and 800 service rates.

CASE NO. A0-87-48

In the matter of the investigation of the revenue effects upon Missouri utilities of the Tax Reform Act of 1986.

ORDER APPROVING STIPULATION AND AGREEMENT

On June 1, 1987, a Stipulation and Agreement was executed by AT&T Communications of the Southwest, Inc. (AT&T), Staff of the Missouri Public Service Commission (Staff), and the Office of the Public Counsel (Public Counsel). The Stipulation involves a rate reduction with respect to MTS, WATS and 800 service rates in the aggregate by approximately \$4,152,640 annually. The reduction reflects the impact of the Tax Reform Act of 1986, the carrier common line rate reduction resulting from Case No. TC-87-57, the reduction to offset the increased revenues that are expected to result from AT&T's private line restructuring agreed to by AT&T and Staff, and the reduction to offset MTS stimulation. The Stipulation adequately sets forth all procedural and factual matters in the case and is set forth in Appendix A attached hereto and incorporated herein by reference.

AT&T is a public utility subject to the jurisdiction of this Commission pursuant to Chapters 386 and 392, RSMo 1986. For ratemaking purposes the Commission may accept a Stipulation and Agreement in settlement of any matters submitted by the parties. The Commission is of the opinion that the matter of agreement between the parties in this case are reasonable and proper and should be accepted.

It is, therefore,

ORDERED: 1. That the Stipulation and Agreement filed herein on June 1, 1987, be, and is, hereby approved.

ORDERED: 2. That the following tariff sheets submitted on June 1, 1987, by AT&T Communications of the Southwest, Inc., for the purpose of reducing rates for MTS, WATS and 800 services rates provided to customers in its Missouri service area be, and they are, hereby approved and made effective for service rendered on and after July 1, 1987.

REFORE THE PUBLIC SERVICE COMMISSION

OF THE STATE OF MISSOURI

In the Matter of the Investigation of the Revenue Effects Upon Missouri Utilities of the Tax Reform Act of 1986.)))	Case No. A0-87-48
In the Matter of AT&T Communications of the Southwest, Inc.'s Proposed Intrastate Private Line Restructure.)))	Tariff File No. 8700303
In the Matter of the Reduction of AT&T Communications of the Southwest, Inc.'s MTS, WATS and 800 Services Rates.)))	Tariff File No. <u>.87004</u> 79

STIPULATION AND AGREEMENT

Subject to the terms and conditions set forth below herein, the undersigned parties, AT&T Communications of the Southwest, Inc., ("AT&T"), the Staff of the Missouri Public Service Commission ("Staff"), and the Office of Public Counsel of the State of Missouri ("Public Counsel"), by their respective representatives, stipulate and agree as follows:

I.

PROCEDURAL HISTORY

This matter involves a number of filings and proceedings relating to or affecting the Missouri intrastate rates of AT&T Communications of the Southwest, Inc. including:

(A) Case No. A0-87-48 concerning the investigation of the revenue effects upon Missouri utilities of the Tax Reform Act ("TRA") of 1986;

(B) Tariff File No. 8700282 concerning AT&T's January, 1987 filing to reduce rates by approximately \$3,300,000;

(C) Tariff File No. 8700303 concerning AT&T's proposed line restructure increasing private line rates private by approximately \$1,607,840; and

(D) Case No. TC-87-57 concerning the Carrier Common Line ("CCL") reduction portion of the rate reduction of General Telephone Company of the Midwest.

On November 3, 1986, the Commission ordered an investigation into the revenue effects of the TRA upon Missouri utilities. The matter was assigned Case No. A0-87-48.

On December 18, 1986, AT&T and Staff entered into a verbal agreement concerning a prospective reduction in AT&T's Missouri intrastate rates in the amount of approximately \$3,300,000 annually.

On December 22, 1986, AT&T filed a Report under seal in Case No. AO-87-48 stating that a TRA-related reduction would be included in the prospective rate reduction that it was intending to file pursuant to the AT&T and Staff verbal agreement, <u>supra</u>.

On December 31, 1986, AT&T filed revised supplemental tariff schedules with the Commission to reduce its Missouri intrastate rates by approximately \$3,300,000 in accordance with the prior AT&T/Staff verbal agreement. The matter was assigned Tariff File No. 8700282.

On January 13, 1987, the Commission approved AT&T's revised supplemental tariff schedules in Tariff File No. 8700282. The approved \$3,300,000 rate reduction became effective on January 14, 1987.

On January 21, 1987, AT&T filed tariffs to restructure its Missouri intrastate private line services effective July 1, 1987. AT&T proposed in its filing to offset any private line increase associated with the proposed restructure with a corresponding reduction in other rates. The matter was assigned Tariff File No. 8700303.

On March 20, 1987, the Commission entered an order in Case No. TC-87-57 relating to the Staff's complaint against General Telephone Company of the Midwest ("GTMW"). The order resulted in a reduction in the Carrier Common Line ("CCL") rates paid by interexchange carriers, including AT&T, commencing May 15, 1987.

On March 2, 1987, AT&T filed a motion to be excluded from the TRA docket, Case No. AO-87-48. AT&T asserted that its \$3,300,000 rate reduction effective January 14, 1987 included a voluntary flow-through of approximately \$618,000 in revenue requirement tax

savings to reflect the 1987 impact of the TRA on AT&T's Missouri intrastate operations. On March 19, 1987, Staff filed its response objecting to AT&T's request for exclusion from Case No. AO-87-48. The Staff stated in its response that it had agreed to delay further investigation into AT&T's earnings in return for a \$3,000,000 rate reduction. The Staff asserted that it had not agreed that any part of the January, 1987 AT&T rate reduction was related to TRA. The Staff also stated in its response that it could not comment further without additional information from AT&T whether AT&T's quantification of the TRA impact represented the full effect of TRA on AT&T's Missouri intrastate operations.

On April 2, 1987, MCI Telecommunications Corporation (MCI) filed an application to intervene in Case No. AO-87-48. MCI stated that its interests in this proceeding are limited to rate reductions by local exchange companies and AT&T.

In an order dated April 22, 1987, the Commission noted the existence of a dispute and denied AT&T's motion to be excluded from Case No. A0-87-48. Also in that order, the Commission granted MCI's application to intervene in the case.

Representatives of AT&T, Staff, and Public Counsel met informally and discussed matters relative to each of the above proceedings on April 16, 1987. Conference calls were also held among such representatives on May 8, 1987, at which time a basic agreement was reached. Intervenor MCI did not ask to be included in the informal meetings so long as it was advised of the general nature of the discussions and informed of the results once an agreement had been reached. Per its request, MCI was advised generally of the nature of the foregoing discussions on April 27 and 28 and on May 11 and 12, 1987. Counsel for AT&T agreed to provide MCI with a copy of any proposed A&T/Staff/Public Counsel "Stipulation and Agreement".

II. INTRASTATE FATES AND REVENUES

1. The undersigned parties agree that AT&T shall reduce its Missouri MTS, WATS, and 800 services rates in the aggregate by approximately \$4,152,640, annualized, for service rendered on and after July 1, 1987.

2. AT&T and Staff agree that AT&T shall be allowed to implement its proposed private line restructuring. Said restructuring will increase private line rates approximately \$1,607,840, on an annual basis. Public Counsel takes no position for or against approval of AT&T's proposed private line restructuring.

3. The undersigned parties agree that AT&T shall implement the rate reduction agreed to herein across-the-board among its MTS, WATS and 800 services.

4. The undersigned parties further agree that AT&T shall adjust its master schedules to make the new rates, as adjusted by this Stipulation and Agreement, the midpoint of AT&T's suthorized minimum and maximum rates for MTS, WATS and 800 services.

The undersigned parties agree that the proposed 5. reduction in AT&T's Missouri intrastate rates is based on the following:

(A)	TRA impact net of the tax savings associated with the Shared Network Facility Agreement (SNFA) between AT&T and Southwestern Bell Telephone Company	\$2,088,000
(B)	GTMW CCL rate reduction resulting from Case No. TC-87-57 (Staff vs. GTMW)	365,000
(C)	Reduction to offset the increased revenues that are expected to resuls from AT&T's private line restructuring	1,245,840
(D)	Reduction to offset MTS stimulation	453,800
		54.152.640

6. Staff's proposed TRA-related adjustment is approximately \$2,088,030. This amount is exclusive of the \$362,000 associated with the SNFA related tax savings which will be realized by SWB rather than AT&T.

7. The CCL reduction associated with Case No. TC-87-57 as it relates to AT&T is quantified at approximately \$365,000.

8. The offset associated with Tariff File No. 8700303, the private line restructuring, is approximately \$1,245,840.

9. The offset for MTS stimulation associated with the reduction agreed to herein is quantified at approximately \$453,800.

10. The rate design and proposed tariff changes associated with the \$4,152,640 reduction are shown on the attached Exhibit A.

11. The undersigned parties agree that the proposed changes are reasonable and recommend their approval by the Commission.

12. The undersigned parties agree that AT&T shall file on or before June 1, 1987 proposed tariffs and schedules reflecting the changes agreed to herein, said tariffs to become effective for service rendered on and after July 1, 1987.

 $^{^1\}mathrm{A}$ dispute remains between AT&T and Staff on the scope and intent of the tariff changes in File No. 8700282 (AT&T's January 14, 1987 rate reduction) as they relate or do not relate to the TRA. However, the dispute is moot in light of AT&T's voluntary proposal herein to reduce its MTS, WATS and 800 services rates by approximately \$4,152,640.

 $^{^{2}}$ The amount of the offset is not equal to the amount of the private line increase (i.e. \$1,607,840) because of the repression in rates associated with the private line change.

13. The undersigned parties further agree that this Stipulation and Agreement moots any issue concerning AT&T's further participation in Case No. AO-87-48 and any issue concerning the flow-through by AT&T of the CCL reduction in Case No. TC-87-57 and recommend that AT&T be dismissed from any further participation or obligation relating to those proceedings.

III.

TERMS AND CONDITIONS

1. This Stipulation and Agreement is the result of extensive negotiations by, between, and among the undersigned parties and if not adopted in its entirety by the Commission, can at the option of any signatory party be declared null and void. Each party further reserves the right, in the event that this Stipulation and Agreement is materially modified by the Commission, to withdraw herefrom upon written notice and commits to notify both the Commission and the signatory parties within five (5) business days following such modification.

2. The parties agree that the amount of the reduction herein proposed is sufficient to resolve fully any and all issues in or resulting from Case Nos. AO-87-48 and TC-87-57 relating to AT&T, but make no other representation regarding the proposed reduction as it relates to specific issues. Neither this Stipulation and Agreement nor the proposed rate reduction nor any aspect thereof shall be deemed to indicate the concurrence of any signatory party with any position advanced by any other signatory or nonsignatory party in this or any other past, present, or future docket.

3. Except as specifically indicated herein, this Stipulation and Agreement shall be binding for purposes of this matter only, and is not binding for any other purpose including, but not limited to, revenue requirement or rate design issues, in any other docket (present or future).

4. This Stipulation and Agreement is intended, however, to be binding on AT&T, the Staff and the Commission in regard to Case

Nos. AO-87-48 and TC-87-57, and Tariff File No. 8700303. This Stipulation and Agreement is also intended to be binding on Public Counsel in regard to Case Nos. AO-87-48 and TC-87-57. None of the provisions of this Stipulation and Agreement, however, shall prejudice, bind or otherwise affect any party should the Commission decide not to approve this Stipulation and Agreement in its entirety or in any way condition its approval of same.

5. In the event the Commission accepts and approves all of the specific terms of this Stipulation and Agreement, the undersigned parties waive their respective rights, insofar as they relate to the terms hereof, to: a) present oral arguments or written briefs, pursuant to Section 536.080(1), RSMo 1986; b) require the Commission to read the full record pursuant to Section 536.080(3), RSMo 1986; and c) seek judicial review pursuant to Section 386.510, RSMo 1986.

WHEREFORE, the undersigned parties submit this Stipulation and Agreement to the Commission for its consideration and recommend that the Commission approve the Stipulation and Agreement in its entirety as to the matters which are addressed herein.

Respectfully submitted,

No supplement to this tariff will be issued except for the purpose of cancelling this tariff.

Wide Area Telecommunications Service Tariff 3rd Revised Sheet 29 Replacing 2nd Revised Sheet 29

WIDE AREA TELECOMMUNICATIONS SERVICE

- 4. RATES - (Continued)
 - 4.4 Line Usage 800 Service or Outward WATS

Rates for 800 Service in paragraph 4.4.A following will apply to 53% of the total 800 Service usage by rate period. Rates for 47% of the total 800 Service usage by rate period will be at the appropriate rates as found in the Tariffs of the local exchange carrier.

Rates for Outward WATS Service in paragraph 4.4.B following will apply to interLATA only usage by rate period. Rates for intraLATA usage will be at the appropriate rates as found in the Tariffs of the local exchange carrier.

The monthly line use charge applies for each WATS access line (in addition to the monthly usage charges specified).
