**ORDER AND NOTICE**

This order directs notice, sets dates for filing requests for intervention, and sets dates for the filing of proposed procedural schedules.

On October 10, 2001, Union Electric Company, d/b/a AmerenUE (AmerenUE) and Gascosage Electric Cooperative (Cooperative), hereinafter jointly referred to as Applicants, pursuant to Sections 394.312 and 393.106, RSMo 2000, filed a Joint Application requesting that the Commission: (1) approve a change in the supplier for electric service for approximately 1200 structures in and around the City of Brumley and the City of Ulman; (2) authorize the sale, transfer, and assignment of certain substations and electric distribution facilities, easements, and other rights of AmerenUE generally constituting Company's electric utility business associated with the structures to the Cooperative; and (3) approve the Applicant's First Amendment to their existing territorial agreement that was approved by the Commission by Report and Order in Case

No. EO-98-279. The Applicants submit that their request is not detrimental to the public interest, and request that the Commission issue an order approving the First Amendment, authorizing the Applicants to perform according to their territorial agreement as amended, finding that the Agreement shall not impair AmerenUE's certificates of public convenience and necessity, except as limited by the First Amendment, and approving related changes to AmerenUE's tariffs.

Applicants submitted their First Amendment as Exhibit A to their application. The Applicants also submitted metes and bounds descriptions and maps, which, according to the Application, represent the boundaries of each of the Applicants' respective service areas according to their First Amendment. The Applicants also submitted their board authorizations for the First Amendment and AmerenUE's sample tariff sheets related to the First Amendment.

Notice of this Application should be sent to interested persons, an intervention date set and an expedited procedural schedule established, as the Commission must rule on the Application within 120 days from October 10, 2001, unless otherwise ordered by the Commission for good cause shown.

The Commission determines that notice of this Application should be given by the Commission's Data Center sending a copy of this order to the County Commissions of Camden and Miller Counties in Missouri. In addition, the Commission's Data Center should send a copy of this order to the other electric suppliers that serve the territory covered by the Territorial Agreement as listed in the application.<sup>1</sup> The Commission further determines that the Information Officer of the Commission should provide notice to the members of the
