for a Certificate of Convenience and Necessity to Construct,)
Install, Own, Operate, Maintain, and Otherwise Control and) Case No. 2023-XXXX
Manage a Natural Gas Distribution System to Provide Gas)
Service in Johnson County, Missouri as an Expansion of its)
Existing Certificated Areas.)

**APPLICATION FOR CERTIFICATE OF CONVENIENCE
AND NECESSITY FOR JOHNSON COUNTY AND
REQUEST FOR WAIVER**

COMES NOW Spire Missouri Inc. (“Spire” or the “Company”), by and through its undersigned counsel, and, pursuant to Section §393.170 RSMo, and Commission Rules 20 CSR 4240-2.060 and 20 CSR 4240-3.205, respectfully submits this Application to the Missouri Public Service Commission (“Commission”) for a certificate of convenience and necessity (“CCN”) to construct, install, own, operate, maintain, and otherwise control and manage a natural gas distribution system to provide gas service in Johnson County, Missouri, as a further expansion of its existing certificated area. Pursuant to Commission Rule 20 CSR 4240-4.017(1)(D), the Company also requests a waiver from the notice provisions of Rule 20 CSR 4240-4.017(1). In support of its Application and request for a waiver, Spire states as follows:

1. Spire is a public utility and gas corporation incorporated under the laws of the State of Missouri, with its principal office located at 700 Market Street, St. Louis, Missouri 63101.
2. A Certificate of Good Standing evidencing Spire's standing to do business in Missouri was submitted in Case No. GF-2020-0334 and is incorporated by reference herein for all purposes. The information in such Certificate is current and correct.

3. Spire is engaged in the business of distributing and transporting natural gas to customers in Missouri as a gas corporation subject to the jurisdiction of the Commission. Spire provides gas service in Missouri to customers in the City of St. Louis and the Counties of St. Louis, St. Charles, Crawford, Jefferson, Franklin, Iron, St. Genevieve, St. Francois, Madison, Butler, Andrew, Barry, Barton, Bates, Buchanan, Carroll, Cass, Cedar, Christian, Clay, Clinton, Cooper, Dade, Dekalb, Greene, Henry, Howard, Jackson, Jasper, Johnson, Lafayette, Lawrence, McDonald, Moniteau, Newton, Pettis, Platte, Ray, Saline, Stone, and Vernon.

4. Other than cases that have been docketed at the Commission, Spire has no pending action or final unsatisfied judgments or decisions against it from any state or federal agency or court within the past three years that involve customer service or rates. Spire has no annual report or assessment fees that are overdue.

5. All correspondence, communications, notices, orders and decisions of the Commission with respect to this matter should be sent to the undersigned counsel and to:

Trisha Lavin
Senior Regulatory Analyst

CERTIFICATE OF CONVENIENCE AND NECESSITY

6. Spire submits this Application for a CCN to construct, install, own, operate, maintain, and otherwise control and manage a natural gas system to provide natural gas service in Johnson County, Missouri, as a further expansion of its existing certificated area. Spire is seeking a CCN for the area described as Section 16, Township 46 North, Range 25 West of Johnson County

in Missouri. Spire already has assets and is serving a customer in this area.

7. Due to Spire already possessing a franchise to provide natural gas service to the City of Warrensburg, the Company was approached by the ** [REDACTED] ** (the “Center”) operating in Section 16 for service. To serve the Center, Spire installed 2,170 feet of six-inch plastic main and 985 feet of service in April of 2018. Spire had no prior assets in Section 16, has installed no additional assets in the section, and serves no other customers.

8. The legal description of the area is listed above. Attached as **Appendix 1** is a plat drawn to a scale of one-half inch (1/2") to the mile on maps comparable to county highway maps issued by the Missouri Department of Transportation or a plat drawn to a scale of two thousand feet (2,000') to the inch. Natural gas service is not currently offered by another unregulated or regulated entity in the area for which a CCN is being requested. A map showing that the Company has Commission approved certificated areas adjacent to the section requested in this application are attached in **Appendix 2**.

9. The customer is currently served under Spire Missouri West’s Transportation rate class tariff Sheet No. 9. The Company proposes that it continue to apply these currently effective rates to the customer as established in Spire’s most recent rate case proceeding, GR-2022-0179, or until rates are changed by an approved tariff or a Commission Order.

10. Spire has not identified or been approached by any other potential customers in the area. The name and address of the existing customer being served from the Company’s existing assets is included **Appendix 3**, which has been marked as Confidential pursuant to Commission Rule 20 CSR 4240-2.135(2)(A)1 because it contains information relating directly to specific customers.

11. Current revenues and actual construction costs associated with the initial main extension are shown in the feasibility study attached as **Appendix 4**, which has been marked as

Confidential pursuant to Commission Rule 20 CSR 4240-2.135(2)(A)3 and 4 because it contains information regarding market-specific information. No external financing will be required for construction related to this project.

12. Spire holds all necessary franchises and permits from municipalities, counties, or other authorities that are required for Spire to serve the subject areas. Documentation that provides assent for a franchise from the City of Warrensburg is attached as **Appendix 5**.

13. Attached as **Appendix 6** is a signed affidavit of Carla Politte, Manager of Large Commercial and Industrial Development for Spire Missouri, asserting that all information regarding this proposed CCN is accurate and truthful.

14. This CCN application is in the public interest because Spire Missouri is the only utility in the immediate area of this customer, has adjacent sections in this county in its certificated area, already has assets in service, and is providing safe, reliable and affordable service to the Customer. Spire Missouri's experience in the operation of natural gas systems gives it the ability to provide safe, reliable, and adequate service in an efficient manner. For all the reasons set forth herein, Commission approval of this Application will further the public convenience and necessity.

REQUEST FOR WAIVER FROM 60-DAY NOTICE RULE

15. Commission Rule 20 CSR 4240-4.017(1) provides, in part, as follows:

Any person that intends to file a case shall file a notice with the secretary of the commission a minimum of sixty (60) days prior to filing such case. Such notice shall detail the type of case and issues likely to be before the commission and shall include a summary of all communication regarding substantive issues likely to be in the case between the filing party and the office of the commission that occurred in the ninety (90) days prior to filing the notice.

16. Rule 20 CSR 4240-4.017(1)(D) permits a party to request a waiver of the above cited rule for good cause. The rule provision specifically provides that good cause may be established by

submitting a verified declaration that the filing party has had no communication with the office of the commission within the prior one hundred fifty (150) days regarding any substantive issue likely to be in the case. The Company interprets this to mean that good cause is established if the filing party has had no communication with a member of the office of the Commission outside of pleadings or other public communications. Subject to that understanding, the Company has attached, as **Appendix 7**, the verified declaration of Trisha Lavin that neither the Company nor any person or entity acting on behalf of the Company, has had a communication with a member of the office of the Commission in the last 150 days regarding any substantive issues that are likely to arise in the case. For that reason, the Company requests that the Commission grant a waiver of the 60-day notice requirement for Spire Missouri's application for a CCN in Johnson County.

WHEREFORE, Spire requests, for good cause shown, that the Commission waive the notice requirement of 20 CSR 4240-4.017(1), approve this Application, issue a CCN to Spire as set forth above and in the attached schedules, and grant such other and further relief as is just and proper under the circumstances.

Respectfully submitted,

Matthew Aplington MoBar #58565

Bill No. 3307

Ordinance No. 4245

AN ORDINANCE GRANTING TO MISSOURI GAS ENERGY, A DIVISION OF SOUTHERN UNION COMPANY, A DELAWARE CORPORATION, OPERATING A GAS DISTRIBUTION SYSTEM IN THE CITY OF WARRENSBURG, MISSOURI, ITS SUCCESSORS OR ASSIGNS, A FRANCHISE TO OPERATE A NATURAL GAS DISTRIBUTION PLANT AND SYSTEM IN SAID CITY AND RELATING THERETO.

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF WARRENSBURG, MISSOURI.

Section 1. That there is hereby granted to Missouri Gas Energy, a division of Southern Union Company, a Delaware Corporation operating a gas distribution system, herein called the Company, its successors and assigns, the rights, privileges and franchise for a period of twenty (20) years from February 8, 2007, to construct, maintain and operate in the present and future streets, alleys, bridges and public places in the City of Warrensburg, Missouri, herein called City, its gas distribution system as now located, together with the right, privilege and franchise to acquire, construct, maintain and operate therein and thereon such additions and extensions thereto as may be necessary or desirable, all for the purpose of supplying natural gas for all purposes to the inhabitants of said City and consumers in the vicinity thereof, which grant shall be subject to all lawful ordinances of the City of Warrensburg now in existence or hereafter enacted which are not inconsistent herewith. Provided, further, that Company shall, upon acceptance of this franchise, be obligated to remove, relocate or adjust as promptly as is practical any of its gas distribution facilities located in or upon the City's streets, alleys, bridges or other public places at no expense to the City when reasonably requested to do so by the City. Such requests made by the City shall be deemed reasonable unless shown to be otherwise by the Company.

Section 2. All rates established and charges made by Company for gas transported, distributed and sold hereunder shall be subject to valid and lawful orders of the Public Service Commission of the State of Missouri, and other competent authority having jurisdiction in the premises, and the transportation, distribution and sale of gas to consumers shall be governed by the present operating rules, regulations and customs of Company and such rules and regulations as may hereafter be prescribed or approved.

Section 3. That in consideration of and as compensation for the right, privilege and franchise hereby granted, the Company, its successors and assigns, shall furnish gas at such pressure and of such quality as shall be designated by lawful orders of the Public Service Commission of said State, if such gas is reasonably procurable; shall furnish to each consumer a recognized standard meter or other instrument for measurement of gas sold or computation of consumer's bills and keep same in repair at its cost, which meter shall at all times be subject to inspection by said City; shall at all times save the City harmless from any and all damages which said City may be liable to pay that may arise from the construction, maintenance and operation by the Company of its plant system or any part thereof; shall limit all excavations of streets, alleys or public places to the necessity of efficient operation and shall not at any one time open or

encumber more of any highway or public place than shall be reasonably necessary to enable Company to proceed with advantage in laying or repairing mains or pipes and shall not permit such highway or public place to remain open longer than necessary for the purpose for which it was opened; shall refill all excavations and replace all pavements with like material and leave same in as good condition as when altered or removed; shall perform all work on streets, alleys and public places, under supervision of a representative of said City, if so desired; and shall repay said City all expense to which it has been put in the repair or replacement of streets, highways or pavements in the event such work is done by said City after the neglect or refusal of Company to perform same in a reasonable time.

Section 4. Company shall not later than the first day of each calendar month in each year, make a report to the governing board of the City of its gross receipts from the sale or transportation of natural gas for domestic and commercial purposes within the corporate limits of said City for the one (1) month period ending on the first day of the month next preceding that on which the report is due; and at the time of making such reports, pay into the City treasury a sum equal to six (6%) percent of said gross receipts subsequent to the effective date of this franchise. So long as Company shall be required, by any regulatory authority having jurisdiction, to separately state the franchise tax increment of its charges for natural gas service rendered under the franchise hereby granted, the term "gross receipts" as used herein shall not include the separately stated tax increment. Said percentage of Company's gross receipts is hereby levied and assessed as an occupation and license tax (in lieu of all other occupation, license or other revenue taxes or fees) for the privilege of engaging in the business herein recited during the term hereof; and as a further consideration for this franchise, Company agrees to recognize the same as a valid tax and make said payments during such periods.

Section 5. If a majority of the Council express their assent to the granting of said franchise, said franchise shall become effective immediately, provided that the Company shall file its written acceptance of said franchise within thirty (30) days from the date said governing body shall have declared the results of said vote.

PASSED THIS 14th DAY OF May, 2007.
