RE: Water Utility Small Company Rate Increase Request
Tariff Filing to Establish Formal Rate Case Docket
MO PSC Work I.D. No. QW-2005-0006

Dear Secretary:

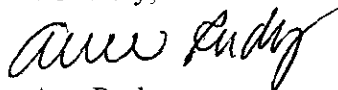

Enclosed for filing with the Commission are an original and three copies of revised tariff sheets that include rate and language changes reflected in an Agreement Regarding Disposition of Small Company Rate Increase Request (Disposition Agreement) between the KMB Utility Corporation (Company) and the Commission Staff (Staff) regarding the above-referenced small company rate increase request. The Company submitted the referenced rate increase request on May 2, 2005 under the provisions of the Commission's small company rate increase procedure, and the request was assigned the above-referenced tracking number.

Since the above-referenced Disposition Agreement is only between the Company and Staff, the enclosed tariff sheets bear an effective date that is more than 45 days from the issue date, as is required by the small company rate increase procedure. As is also required by the small company rate increase procedure, the Company will be sending a notice to its customers regarding the terms of the Disposition Agreement and will provide a copy of that notice to you for placement in the case file when it is mailed to the customers. Additionally, please be advised that it is my understanding that the Staff will be filing the Disposition Agreement with the Commission, once a formal rate case has been established pursuant to this tariff filing.

Consistent with the above-referenced Disposition Agreement, the enclosed revised tariff sheets contain customer rates that are intended to produce an increase of \$9,221 in the Company's annual water system operating revenues, and also contain all other provisions necessary to implement the terms of the Disposition Agreement.

Please contact me at your convenience if you need anything further regarding this matter.

Sincerely,

Ann Rudy
Owner

METER REPLACEMENT SURCHARGE *

Meter Replacement/Installation Surcharge: A monthly surcharge of \$1.50 will be added to the bills of any customer that has a meter replaced or that has a meter installed where one did not previously exist. The total proceeds from this surcharge will be accounted for separately from other Company funds and the portion of the proceeds that is equivalent to \$1.00/month/customer will be used to offset the Company's investment in meter installations for ratemaking purposes. The surcharge proceeds collected will be reviewed annually and the surcharge will be subject to change based upon changes in the cost of replacing or installing meters, billing and collection history, or other such good cause as may exist; provided, however, that the Commission must approve any changes to the surcharge. The surcharge will terminate for each affected meter replacement or installation when the Company's rates change as a result of a rate case, or eight years after the date of the subject replacement or installation, whichever occurs first.
