STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and for its recommendation, states as follows:

- 1. On May 27, 2011 Assist Wireless, LLC, a wireless carrier, filed an application with the Missouri Public Service Commission seeking designation as an Eligible Telecommunications Carrier ("ETC") for the purpose of receiving federal universal service fund support for low income customers through Lifeline and LinkUp programs.
- 2. In the attached Memorandum, the Staff recommends that the Commission grant the Company's request. In the Staff's opinion, the Company has met all the requirements, both state and federal, to become designated as an eligible telecommunications carrier for receipt of federal universal service fund low-income support. The Company is not delinquent or non-compliant with any of the Commission's reporting or assessment requirements; the Company is a mobile wireless telecommunications provider whose operations are not regulated by the Commission.

WHEREFORE, Staff recommends that the Commission grant Assist Wireless, LLC's Application to be designated an Eligible Telecommunications Service for the receipt of low-income support from the federal Universal Service Fund.

Respectfully submitted,

Colleen M. Dale Senior Counsel Missouri Bar No. 31624 Attorney for the Staff of the Missouri Public Service Commission P. O. Box 360 Jefferson City, MO 65102 (573) 751-4255 (Telephone) cully.dale@psc.mo.gov

Subject: Staff Recommendation Regarding Assist Wireless, LLC's Application for

ETC Status on a Wireless Basis

Date: October 31, 2011

On May 27, 2011 Assist Wireless, LLC (Assist Wireless or company) filed an application with the Missouri Public Service Commission (PSC) seeking designation as an Eligible Telecommunications Carrier (ETC) in Case No. RA-2011-0384. The application was for the purpose of receiving federal universal service fund support for low income customers exclusively.

Assist Wireless proposes to offer a wireless service for qualifying low-income consumers. The proposed service will provide 100 free minutes each month as part of the basic package, with additional packages available to the customer for an additional fee. Since wireless companies are not eligible to participate in the Missouri Universal Service Fund Program (MoUSF), Assist Wireless does not intend to seek MoUSF funding for this service.

The Commission Staff (Staff) has reviewed the ETC application submitted by the company. In addition, Staff has issued data requests to the company. The data requests attempt to gain certain information contemplated in the pending ETC rulemaking in Case Nos. TX-2011-0415 and TW-2012-0012. Attachment A identifies ETC application requirements for companies only seeking low-income support. In Staff's opinion, the company has met these requirements. Staff has inserted citations from data request responses and/or ETC Application responses within Attachment A showing citations for why Staff concludes the company meets these requirements. Therefore, Staff recommends the Commission grant ETC status to Assist Wireless. The Commission's order should specifically limit ETC status to solely the receipt of federal Lifeline and LinkUp support.
