Case No. SA-2005-0467

STATUS REPORT

COMES NOW the Staff of the Missouri Public Service Commission ("Staff"), by and through Counsel, and for its Status Report states the following to the Missouri Public Service Commission ("Commission").

1. On June 8, 2005 (unless noted otherwise, all dates herein refer to the year 2005), the Commission issued its **Order and Notice** in the instant case, wherein it established June 28 as the deadline for the submission of intervention requests. In that order, the Commission also directed the Staff to file a status report regarding the date by which the Staff would file its recommendation in this case, with the Staff's status report to be filed on or before July 8.

2. No requests to intervene in this case were submitted by the established deadline of June 28, nor have any such requests been submitted since.

3. Consistent with established procedures for processing water and/or sewer service area certificate application cases in which there are no interveners, the Staff plans to file its recommendation regarding the subject application within sixty days after the intervention deadline (adjusted as necessary for weekends and holidays). For this case, the date by which the Staff plans to file its recommendation would thus be August 29.

WHEREFORE, the Staff respectfully submits this Status Report for the Commission's information in this case.

Respectfully Submitted,

DANA K. JOYCE
General Counsel
