ORDER GRANTING REQUEST FOR EXTENSION OF TIME
TO FILE RECOMMENDATION

Issue Date: August 8, 2005

Effective Date: August 8, 2005

On July 31, 2005, the Staff of the Commission filed its third request for an extension of time to file its recommendation in this matter. Staff requests the extension of time because the Department of Natural Resources has not received needed information from its Geological Survey and Resource Assessment Division. Staff further stated that no customers are awaiting service in the area that the company proposes to serve and that the company does not object to Staff's request.

Staff requested that it be allowed to file its recommendation two weeks after DNR publishes public notice(s) regarding the company's required DNR permits. Staff stated that it will file a notice in this case when DNR publishes its public notice(s).

The Commission has reviewed Staff's request and finding it reasonable will grant the requested relief.

IT IS THEREFORE ORDERED:

1. That the Staff of the Commission's request for an extension of time to file its recommendation in this matter is granted.
2. That the Staff of the Commission shall file its recommendation two weeks after the Department of Natural Resources publishes public notice(s) regarding Timber Creek Sewer Company's required DNR permits.
3. That this order shall become effective on August 8, 2005.
