6th Revised Sheet No. 5

5th Revised Sheet No. 5

For: Cape Rock Village (Cape Girardeau County)
Certificated Service Area

Rules Governing Rendering of Sewer Service

SCHEDULE OF SEWER RATES

Sewer Rate Schedule A: Single Family Dwelling

Availability:

The following rate is applicable to single family residences, including mobile homes not located in mobile home parks, and is applicable to all customers located in the Company's Cape Rock Village certificated service area and adjacent to the Company's collection sewer.

Customer Charge \$26.83 per Month +
The Customer Charge will be billed each customer monthly.

Sewer Rate Schedule B: Multiple Family Dwelling

Availability:

The following rate is applicable to each rental unit of a multiple family dwelling and for individual mobile homes located in mobile home parks, where customers are located in the Company's Cape Rock Village certificated service area and adjacent to the Company's collection sewer.

Customer Charge	\$21.46 per Month	+
The Customer Charge will be billed each customer monthly.		

Taxes:

Any applicable Federal, State or local taxes shall be in addition to above charges.

Late Charges:

Billings will be made and distributed at monthly intervals. Bills will be rendered net, bearing the last date on which payment will then be considered delinquent. The period after which payment will then be considered delinquent is 21 days after rendition of the bill. A charge of \$5.00 or three percent (3%) per month times the unpaid balance, whichever is more, will be added to delinquent amounts.

RULES GOVERNING
RENDERING OF SEWER SERVICE +
SCHEDULE OF SERVICE CHARGES

These charges are applicable to the Company's service provided for in the corresponding rules.

Bad Check Charge: *

A bad check charge of \$20 per check will be paid on all checks returned from the bank for insufficient funds.

Disconnection/Reconnection:

The Reconnection Charge after service disconnection by the Company for violation of the Company's Rules and Regulations (see Rule 7) shall be the total actual cost of discontinuance and reconnection of service. +

Service Connection:

Where the Company performs the construction of the physical connection to its collection system, the Customer shall pay the actual cost of connection. +

Where the Customer is having anyone except the Company install the connection to the system to his premises, the Customer shall notify the Company of such installation and the Customer is required have the Company inspect the connection pipe construction before the ditch is filled in. +

The Company will charge the Customer \$40 for the inspection of the connection pipe construction. +

STATE OF MISSOURI**RULES AND REGULATIONS GOVERNING
RENDERING OF SEWER SERVICE****RECEIVED**

NOV 6 1992

Rule 1 DEFINITIONS**MISSOURI****Public Service Commission**

- (a) The "COMPANY" is the KMB UTILITY CORPORATION acting through its officers, managers, or other duly authorized employees or agents.
- (b) The "CUSTOMER" is any person, individual, partnership, association, corporation or governmental body which has contracted with the Company for sewer service or is receiving sewer service from the Company, or whose facilities are connected for utilizing sewer service.
- (c) The word "UNIT" shall be used herein to define the standard user or property served and shall include mobile homes or any building, residential, commercial, or industrial, owned or leased and each unit of any multi-unit structure.
- (d) A "COLLECTING SEWER" is a pipeline, including force lines, gravity sewers, interceptors, laterals, trunk sewers, manholes, lampholes and necessary appurtenances, including service wyes, which is owned and maintained by the Company, located on public property or on private easements, and used to transport sewage waste from the Customer's service connection to the point of disposal.
- (e) A "CUSTOMER SERVICE SEWER" is a pipe with appurtenances installed, owned and maintained by the Customer, used to conduct sewage from the Customer's premises to the collecting sewer, excluding service wyes or saddles.
- (f) A "SERVICE CONNECTION" is the connection of a service sewer to the Company collecting sewer either at the bell of a "Y" branch or the bell of a saddle placed on the barrel of the collecting sewer.

NOV 6 1992

Rule 1 DEFINITIONS (continued)**MISSOURI
Public Service Commission**

- (g) The "DATE OF CONNECTION" shall be the date the permit for a service connection is issued by the Company. In the event no permit is taken and a service connection is made, the date of connection shall be determined based on available information, such as construction/occupancy permits, or water or electric service turn-on dates.
- (h) "DOMESTIC SEWAGE" is sewage, excluding storm and surface water, resulting from normal household activities.
- (i) "NON-DOMESTIC SEWAGE" is all sewage other than domestic sewage including, but not limited to, commercial or industrial wastes. (see Rule 6 pertaining to Improper Waste and Excessive Use.)
- (j) A "FOUNDATION DRAIN" is a pipe installed inside or outside the foundation of a structure for the purpose of draining ground or subsurface water away from the foundation.
- (k) "PH" is the relative degree of acidity or alkalinity of water as indicated by the hydrogen ion concentration. PH is indicated on a scale reading from 1-14, with 7 being neutral, below 7 acid, and above 7 alkaline; more technically defined as the logarithm of the reciprocal of the hydrogen ion concentration.
- (l) "B.O.D." denotes biochemical oxygen demand. It is the quantity of oxygen utilized in the bio-chemical oxidation of organic matter under standard laboratory conditions expressed in milligrams per liter.
- (m) "SUSPENDED SOLIDS" are the concentration of insoluble materials suspended or dispersed waste expressed in milligrams per liter on a dry weight basis as determined by standard procedure.

Rule 2 GENERAL RULES AND REGULATIONS**MISSOURI****Public Service Commission**

- (a) Every Customer, upon signing an application for service or accepting service rendered by the Company, shall be considered to have expressed consent to be bound by these rates, rules and regulations.
- (b) The Company's rules and regulations governing rendering of service are set forth in these numbered sheets. The rates applicable to appropriate class of service are set forth in rate schedules and constitute a part of these rules and regulations.
- (c) The Company reserves the right, subject to the authority of the Public Service Commission of Missouri, to prescribe additional rates, rules or regulations or to alter existing rates, rules or regulations as it may deem necessary or proper.
- (d) At the effective date of these rules and regulations, all new facilities, construction contracts, and written agreements shall conform to these rules and regulations in accordance with the statutes of the State of Missouri and authority of the Public Service Commission of Missouri. Pre-existing facilities which do not conform with these rules may remain, if said facilities do not cause any service problems and reconstruction is impractical in the Company's judgement.
- (e) The Company shall have the right to enter upon the Customer's premises for the purpose of inspecting for compliance with these rules and regulations. Company personnel shall identify themselves and such inspections shall be conducted during reasonable hours.

NOV 6 1992**Rule 4 APPLICATIONS FOR SEWER SERVICE****MISSOURI
Public Service Commission**

- (a) A written application for service, signed by the Customer and accompanied by the appropriate fees and other information required by these rules and regulations, must be received from each Customer before service is provided to any premises. Said application must state the name of the owner of said premises and, in the case of a commercial or industrial Customer, must also state the quantity and strength of effluent to be discharged from said premises into Company's sewer system. Every Customer, upon signing an application for any service rendered by the Company or upon taking of service, shall be considered to have expressed consent to the Company's rates, rules and regulations. The Company shall have the right to refuse service for failure to comply with the rules and regulations herein, or if the Customer owes a past due bill not in dispute for sewer service at any location within the Company's area. In any case, where unusual construction or equipment expense is necessary to furnish the service, the Company may require a contract specifying a reasonable period of time for the Company to provide the service. The Company shall notify the owner of property served and what the Company's billing rules are.
- (b) A commercial or industrial Customer shall, upon request of the Company, present in writing to the Company a list of the devices which are to be attached to the Company's lines, giving the location of any buildings. The Company will then advise the Customer of the form and the character of the waste water collection facilities available.
- (c) No substantial addition to the water using equipment or appliances connected to the sewer system of the Company for commercial or industrial Customers shall be made except upon written notice to and with the written consent of the Company.

Rule 4 APPLICATIONS FOR SEWER SERVICE (continued)**MISSOURI****Public Service Commission**

- (d) Any change in the location of an existing service connection requested by the Customer shall be made at his expense.
- (e) Customer service sewers will not be extended along public streets or roadways or through property of others in connecting with collecting sewers. If a service connection is requested at a point not already served by a collecting sewer of adequate capacity, the collecting sewer shall be extended in accordance with Rule 12.
- (f) New service connections shall be authorized when a service connection fee is paid to the Company based on the schedule of fees.
- (g) When a service is to be connected, the plumber employed by the Customer shall obtain the connecting accessories from the Company. The plumber shall advise the Company 24 hours in advance of when he expects to have service installed so a representative of the Company can inspect the installation.
- (h) When sewer charges are based on water usage, the Company reserves the right to refuse sewer service to any applicant unless said applicant agrees to install a water meter accessible to the Company, so that there will be a basis for sewer charges.

STATE **RECEIVED****RULES AND REGULATIONS GOVERNING
RENDERING OF SEWER SERVICE**

NOV 6 1992

Rule 5 INSIDE PIPING AND CUSTOMER SERVICE SEWER**MISSOURI****Public Service Commission**

- (a) The Customer will provide the service sewer at his expense and risk. As a condition of service, inside requirements of all governmental units having jurisdiction and the Company's rules and regulations must be met at the time of connection to the system. The Company may deny service or may discontinue service where footing drains, downspouts, or other sources of surface or storm water are permitted to enter the sewer system through either the inside piping or through the building sewer.
- (b) A separate and independent Customer service sewer shall be required for every building, except when one building stand at the rear of another building on an interior lot where no private service sewer is available and cannot be constructed to the rear building through an adjoining alley, courtyard, or driveway; in that situation, the Customer's service sewer from the front building may be extended to the rear building and it will be considered as one Customer's service sewer.
- (c) Existing service sewers may be used in connection with new buildings only when they are found on examination and test to meet all requirements of the Company.
- (d) The Customer's service sewer shall be one of the following: cast iron soil pipe, ASTM specification or equal; vitrified clay sewer pipe, ASTM specification or equal; PVC, ASTM specification or equal; or other suitable material approved by the Company. Joints shall be tight and waterproof. Any part of the Customer's service sewer that is located within ten (10) feet of a water service pipe shall be constructed of cast iron soil pipe with leaded joints. Cast iron pipes with leaded joints may be required where the Customer's service sewer is exposed to damage by tree roots. If installed in filled or unstable ground, the Customer's service sewer shall be of cast iron soil pipe, but nonmetallic material may be accepted if laid on a suitable bed or cradle as approved by the said Company.
- (e) The size and slope of the Customer's service sewer shall be subject to the approval of the Company, but in no event shall the diameter be less than four (4) inches. The slope of such four (4) inch pipe shall not be less than one eighth (1/8) inch per foot.

MISSOURI**Rule 5 INSIDE PIPING AND CUSTOMER SERVICE SEWER PUBLIC SERVICE COMMISSION**

- (f) Whenever possible, the Customer's service sewer shall be brought to the building at an elevation below the basement floor. No building sewer shall be laid parallel to or within three (3) feet of any bearing wall. The depth shall be sufficient to afford protection from frost. The Customer's service sewer shall be laid at a uniform grade and in straight alignment insofar as possible. Changes in direction shall be made only with properly curved pipes and fittings.
- (g) In all buildings in which any building drain is too low to permit adequate gravity flow to the collecting sewer, sanitary sewage carried by such drains shall be lifted by approved artificial means and discharged to the building sewer. No water operated sewage ejector shall be used.
- (h) All excavations required for the installation of a Customer's service sewer shall be open trench work unless otherwise approved by the Company. Pipe laying and backfill shall be performed in accordance with the latest published engineering specifications of the manufacturer of the materials used and all applicable local plumbing codes, except that no backfill shall be placed until the work has been inspected by the Company. Only those jointing materials and methods which are approved by the Company may be used.
- (i) The connection of the Customer's service sewer into the collecting sewer shall be made at the "Y" branch, if such branch is available at a suitable location. If the Company's collecting sewer is vitrified clay pipe of 12" diameter or less and there is no properly located "Y" branch at a suitable location, a "Y" branch shall be installed at a location specified by the Company. If the Company's collecting sewer is greater than 12" in diameter, or is PVC of any size, a neat hole may be cut at a location specified by the Company, and a saddle installed to which the Customer's service sewer will be connected. The invert of the Customer's service sewer at the point of connection shall be at the centerline or higher elevation than the invert of the Company's collecting sewer. A smooth, neat joint shall be made, and the connection made secure and watertight by encasement in concrete.

RENDERING OF SEWER SERVICE****MISSOURI****Rule 5 INSIDE PIPING AND CUSTOMER SERVICE SEWER (continued)****Public Service Commission**

- (j) The Customer is obligated to construct, repair, and maintain the service sewer from the collecting sewer to the building of the applicant and such construction and maintenance by the Customer shall be subject to the approval of an authorized inspector of the Company and shall be in accordance with these Rules and Regulations as well as construction information of the Company in force at that time.
- (k) The Company will locate the point to which service sewer connection will be made and the Company will furnish a "Y" branch, when a "Y" has not previously been installed, or other outlet at the collecting sewer which shall be located in the public right-of-way of Company easement. All connections are subject to inspection and approval by the Company. An application for new connection must be filed in writing 24 hours in advance stating the street, house number, name of the applicant, name of the property owner, and the time at which connection is to be made. The Company will not be required to supply sewer service until each such connection has been inspected and approved by it. In the event the Customer or the Customer's agent shall damage a "Y" branch or go onto the public right-of-way or Company easement and cause damage to the collecting sewer, then the Customer shall be responsible for the cost of repair or replacing any such damage. The "Y" branch is considered part of the collecting sewer.
- (l) Company personnel may not work on piping or facilities not owned by the Company unless authorized by the Company.

STATE OF **MISSOURI****RULES AND REGULATIONS GOVERNING
RENDERING OF SEWER SERVICE****NOV 6 1992****Rule 11 EXTENSION OF COLLECTING SEWERS****MISSOURI****Public Service Commission**

A. This rule shall govern the extension of collecting sewers by the Company in areas where there are no collecting sewers in the streets and/or roadways. The Company will extend its collecting sewers along streets or roads within its certified area to serve new customers under the following terms and conditions:

1. Upon receipt of written application for service in compliance with Rule 4, the Company will provide the Applicant(s) an itemized estimate of the cost of the proposed extension. Said estimate shall include the cost of all labor and materials required, including manholes, cleanouts, lift stations, reconstruction of existing sewers (if necessary), and the direct costs associated with supervision, engineering, permits, and bookkeeping. Applicable income tax cost will be added to this estimate calculated at the maximum rate.
2. Applicant(s) shall enter into a contract with the Company for the installation of said extension and shall tender to the Company a contribution in-aid-of construction equal to the amount determined in A.1, plus the appropriate Customer connection fee(s). Applicant(s) shall have the option of installing the main extension under the provisions of Rule 11B in lieu of entering into said contract.
3. If, as a result of reasonably unforeseen circumstances, the actual cost of the extension exceeds the estimated cost of the extension, the Applicant(s) shall pay the added cost.
4. The cost to an Applicant or Applicants connecting to a sewer that was contributed by other Applicants shall be as follows:
 - (a) For single-family residential Applicants that are applying for service in a platted subdivision, the Company shall divide the actual cost of the extension (including income taxes) by the number of lots abutting said extension to determine the per lot extension cost. When counting lots, corner lots which abut existing mains shall be excluded.

NOV 6 1992

Rule 11 EXTENSION OF COLLECTING SEWERS (continued)**MISSOURI
Public Service Commission**

- (b) For single-family residential Applicants that are applying for service in areas that are unplatted in subdivision lots, the Applicants' cost shall be equal to the total cost of the extension divided by the total length of the extension in feet times 100 feet.
- (c) For industrial, commercial, or multi-family residential Applicants, the cost will be equal to the amount calculated for a single-family residence in Paragraphs 3a or 3b above multiplied times a water usage factor. The water usage factor shall be determined by dividing the average monthly usage in gallons by 5,000 gallons, but shall not be less than 1.
5. Refunds of contribution shall be made to Applicant(s) as follows:
- (a) Should the actual cost of extension be less than the estimated cost, the Company shall refund the difference as soon as the actual cost has been ascertained.
- (b) After the Company has closed its books for the year in which a contribution was made, it will determine its actual income tax cost associated with each extension and refund any excess income tax costs collected from each Applicant.
- (c) During the first (10) ten years after the extension is completed, the Company will refund to the Applicants who paid for the extension, monies collected from Applicants in accordance with Rule 11A.4 above.
- (d) The sum of all refunds to any Applicant shall not exceed the total contribution, adjusted for taxes associated with the extension, which the Applicant has paid.

NOV 6 1992

Rule 11 EXTENSION OF COLLECTING SEWERS (continued)**MISSOURI****Public Service Commission**

(e) Each refund shall be distributed to initial Applicant(s) based upon the percentage of the actual extension cost contributed by each Applicant.

6. Extensions made under this rule shall be and remain the property of the Company in consideration of its perpetual upkeep and maintenance.
7. The Company reserves the right to connect future extensions to this collecting sewer and the attaching of Customers to such further extensions shall not entitle Applicant(s) contracting for the original extension to additional refund.
8. The pipe used in making extensions under this rule shall be of a type and size which will be reasonably adequate to supply the area to be served. Such determination as to size and type of pipe shall be left solely to the judgment of the Company. If the Company desires a pipe size or lift station larger than reasonably required to provide service to the lots abutting said extension, the additional cost due to larger size shall be borne by the Company.

B. This rule shall govern the extension of collecting sewers to prospective Customers in areas where no collecting sewers exist where Applicant(s) elects to construct said extensions. The Company will connect said extensions to its existing collecting sewers and provide service to Applicant(s) under the following terms and conditions:

1. Applicant(s) shall enter into a contract with the Company. The contract shall provide that the Applicant(s) construct said collecting sewers to meet the requirements of all governmental agencies and the Company Rules and Regulations, contribute said sewer to the Company with a detailed accounting of the actual cost of construction, and contribute to the Company an amount equal to the Company's estimated income tax cost, calculated at the maximum rate.

RENDERING OF SEWER SERVICE****MISSOURI****Public Service Commission****Rule 12 CONSTRUCTION/EXPANSION OF SEWAGE TREATMENT FACILITIES**

(a) This rule shall govern the construction and/or expansion of sewage treatment facilities in areas where there are no sewer facilities and where it is not practical to extend the Company's collecting sewers to serve the Applicant(s) property. The Company will construct such treatment facilities to serve new Customers under the following terms and conditions:

- (1) A written application is required from the person(s) desiring service as set forth in Rule 4 plus \$500.00 for a detailed engineering estimate of the cost. The Company will provide the Applicant(s) with an estimate of the cost within a reasonable length of time. Said estimate shall include the cost of all labor and materials required, inspection, supervision, engineering, permits, insurance, tools, accounting legal expense and all other costs incident to the installation of said facilities, including all costs related to the acquisition of easements or real property and any income tax liability.
- (2) Applicant(s) shall enter into an agreement for connection and maintenance with the Company for the installation of said treatment facilities and shall pay the Company a contribution-in-aid-of-construction equal to the cost determined in 12 (a) (1). The Applicant(s) shall provide the Company, without cost, a copy of the Certificate of Title to the premises, any plats, surveys, plans or other applicable information requested by the Company.
- (3) The facilities shall become the property of the Company, and when the Company's collecting sewers are extended to the development, the plant will be removed at the cost and expense of the Company. The land upon which the facility is to be located shall be provided to the Company at the expense of the Applicant together with a subordination to the agreement from all secured parties.
- (4) At the conclusion of the construction, the actual cost of the construction shall be computed and the Applicant shall be refunded any excess or shall pay the Company any deficiency.

STATE OF **MISSOURI****RULES AND REGULATIONS GOVERNING
RENDERING OF SEWER SERVICE****NOV 6 1992****MISSOURI****Rule 12 CONSTRUCTION/EXPANSION OF SEWAGE TREATMENT FACILITIES**
(continued)

- (5) The Company reserves the right to connect future Customers to the facilities in accordance with the applicable governmental regulations and these rules. The cost to any Applicant connecting to a facility constructed or expanded by others, located outside the original Applicant's development, and connecting within ten (10) years of the date the facility is placed in service shall be determined by dividing the total cost incurred by the original Applicant (including income tax cost) for the facility by the number of equivalent residential customers the facility is designed to serve. As each new customer is connected, the Company shall collect this amount from the new customer and refund the amount to the original Applicant, but the original Applicant shall not be entitled to be refunded more than the original cost of the facility. The size and type of treatment facility to be used shall be that required to adequately serve the proposed development. Such determination shall be left solely to the judgement of the Company. If the Company desires to make the facilities larger than that required to serve the Applicants' development, the additional cost due to the larger size shall be borne by the Company.

- (6) Facilities constructed under this rule shall be and remain property of the Company in consideration of its perpetual upkeep and maintenance.

- (b) This rule shall govern the expansion of Company owned treatment facilities to accommodate the connection of additional Customers. The Company will expand its treatment facilities to serve new Customers under the following terms and conditions:

- (1) Same as 12 (a) (1).
(2) Applicants shall enter into a contract with the Company for the installation of said treatment facilities and shall pay the Company a contribution-in-aid-of-construction equal to the cost determined in 12 (a) (1).

STATE OF MISSOURI**NOV 6 1992****RULES AND REGULATIONS GOVERNING
RENDERING OF SEWER SERVICE****MISSOURI****Rule 13 EXTENSION OF SEWERS TO REPLACE EXISTING TREATMENT FACILITIES**

This rule will govern the extension of Company collecting sewers that cause and allow the elimination of existing, Applicant owned, sewage treatment facilities with State and Federal discharge permits. The Company will extend sewers to the Applicant(s) property under the following terms and conditions:

- (a) A contract or connection agreement is required from the Applicant(s) outlining the responsibilities of each party as stated herein.
- (b) The Applicant(s) shall provide the Company, without cost, a copy of Certificate of Title to the effected property, any plats, surveys, plans or other documents applicable to the property. All collecting sewers within the Applicants property shall be conveyed, without charge, to the Company with reasonable easements for access to and maintenance of the sewer lines and appurtenances related thereto. The disposition of the existing treatment facility shall be agreed upon by each party. That party who retains or gains ownership of such facility shall be responsible for its sale, removal, abandonment or destruction in accordance with the connection agreement and governmental regulations.
- (c) The cost of sewer extensions to serve the subject property shall be borne by the Company. The Company reserves the right to connect future Customers to the facilities in accordance with the applicable governmental regulations and these rules, including the extension, modification, addition or any alteration to the sewers, lift stations or other facilities previously owned by the Applicant(s) and conveyed to the Company.
- (d) Facilities constructed and acquired by the Company under this rule shall be and remain property of the Company in consideration of its perpetual upkeep and maintenance.
- (e) The Company reserves the right to decline to construct sewer extensions if in the Company's opinion, such extensions are unreasonable for financial, environmental, legal or other reasons which would be harmful to the Company or its Customers.
