APPLICATION

S-GO Leasing Company d/b/a S-GO Long Distance (“Applicant”), a Missouri corporation, files this verified Application respectfully requesting that the Missouri Public Service Commission (“Commission”) issue an order that:

- (a) grants Applicant a Certificate of Service Authority to provide interexchange and local exchange telecommunications services pursuant to Chapter 392 of the Missouri Revised Statutes;
- (b) grants competitive status to Applicant and each of the services it proposes to offer; and
- (c) waives certain Commission rules and statutory provisions pursuant to Section 392.420, RSMo 2000.

In support of its request, Applicant states as follows:

1. Applicant is a Missouri corporation with its principal office and place of business at 815 Oneida, Seneca, Missouri 64865, and its telephone number and fax number are (417) 776-2247 and (417) 776-1234 respectively. Applicant’s Certificate of Corporate Good Standing is attached hereto as Appendix A. 3. Applicant proposes to resell one plus (1+) interexchange telecommunications services and associated operator and directory assistance services to business and residential customers located throughout the State of Missouri. Initially, Applicant will only provide service to local exchange customers of Seneca Telephone Company, Goodman Telephone Company and Ozark Telephone Company in their respective exchanges located in Newton and McDonald counties. Applicant will utilize its own facilities, or purchase for resale, the services or facilities of other carriers in order to provide the services sought to be provided.

4. Applicant proposes to charge for its services based upon rates, rules and

regulations as proposed in the tariff attached hereto and incorporated by reference as Appendix C.

5. Applicant requests classification as a competitive telecommunications company within the State of Missouri. Applicant believes that its proposed services will be subject to sufficient competition to justify a lesser degree of regulation. Granting of this application will allow greater price and service options for telephone users.

6. Consistent with the Commission's treatment of other certificated competitive telecommunications companies, Applicant requests that the following statutes and regulations be waived:

§392.210.2	Uniform System of Accounts
§392.240(1)	Just & Reasonable Rates
§392.270	Property valuation.
§392.280	Depreciation rates.
§392.290	Issuance of stocks and bonds.
§392.300.2	Transfer of capital stock.
§392.310	Issuance of stocks and bonds.
§392.320	Stock Dividend Payment
§392.330	Issuance of stocks and bonds.
§392.340	Reorganization.

4 CSR 240-10.020	Income on depreciation fund investments.
4 CSR 240-30.010(2)(C)	Posting exchange rates at central offices.
4 CSR 240-30.040	Uniform System of Accounts.

7. The Commission has found that the interexchange market which Applicant seeks to enter is sufficiently competitive so as to justify a lesser degree of regulation. In Re Classification of Service Provided by Interexchange Telecommunications Carrier within the State of Missouri, Case No. TO-88-142, Report and Order (effective October 16, 1989) at pp. 19-20. Expedient grant of the instant Application will expand customer service options and increase

the competition in the provision of interexchange services, consistent with the Commission's policies, and the legislative goals set forth in Chapter 392 RSMo and the federal Telecommunications Act of 1996. Accordingly, Applicant's proposed operations are in the public interest.

8. Applicant does not have any pending action or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or customer rates, which action, judgment or decision has occurred within three (3) years of the date of the application.

9. Since Applicant is requesting certification as a new Applicant, no annual reports or fees are overdue.

WHEREFORE, Applicant respectfully requests that the Commission grant it a certificate of service authority to provide intrastate interexchange and local exchange telecommunications services to the public in the State of Missouri. If granted local exchange authority, such authority will be limited to the provisioning of dedicated, non-switched local exchange private line services. Applicant also requests classification as a competitive telecommunications company. In addition, Applicant requests a waiver of the above-referenced rules and statutory provisions.

Respectfully Submitted,
